DAILY EDITION

Wednesday, August 8 1934

AN UNPRECEDENTED INCIDENT

Evidently the relations between Hon. H. H. Stevens and Premier Bennett have not improved very greatly of late. The minister of trade and commerce has been making serious attacks on the big business people who have usually backed the Conservative party. He has brought out a number of pertinent facts in connection with the conduct of a good many lines of business including the mail order business. He has showed up the sweat shop methods that have been employed, his committee of inquiry being the centre of interesting news during the last session of Parliament at Ottawa.

The session over an dholiday time having arrived, Mr. Stevens, instead of retiring to the seaside or spending his time on the banks of a fishing stream, sets to work to summarize the mass of evidence which had been recorded and gave his impressions of the same. This summary, running into some seven thousand words, was mimeographed into a booklet and was used as the text for an address before a parliamentary study club and copies were distributed.

Word was carried to the Premier of what his minister! of trade and commerce was doing and the fat was in the fire. The booklet was condemned, ordered withdrawn from publication and the copies on hand destroyed. In other words the minister of trade and commerce was publicly spanked for his audacity and he seems to have taken it as a deserved punishment and is carrying on.

Copper Pot Cleaning Balls, a real special at, each
