FOOTBALL MEETING

Outlook for Coming Year Promising With Prospect of Three Teams —Annual Meeting Next Week

Soccer prospects in Prince Rupert for the 1934 season are brighter than they were last year, according to advance indications at a meeting of the executive of the Prince Rupert Football Association which was held last night. It is expected that there will be at least three teams—Canadian Legion, Regiment and Canadian Labor Defence League—in competition in the Senior League. The annual general meeting of the Prince Rupert Football Association has been set for Wednesday evening of next week.

The executive meeting decided to turn over to the Stuart Benefit Shield fund a surplus of $23.28 of receipts over expenditure on last year's league operations.

The Canadian Legion has offered the use of its club rooms as dressing quarters for the league teams during the season.

Bert Morgan, the president, was in the chair at last night's meeting and others present were C. L. Youngman, delegate of the Regiment; G. J. Dawes, Canadian Legion; Fred Radcliffe, C. L. D. L., and Douglas Frizzell, secretary-treasurer.

The fire department had a call at noon today to the residence of Inspector J. A. Fraser in the Brooksbank Apartments where a scare was caused by grease catching fire on the stove. No damage was done.

SOFTBALL STARTED

High School League Opened Yesterday With Double-Header

In the opening game of the 1934 softball series at the High School, Lindsay and his crew defeated Santerbane by a score of 6-2. In the first two innings each team played air-tight ball but, in the third, the boys found their batting eyes and four runs were chalked up to Lindsay. In the last stanza Santerbane's aggregation made a strong bid to overcome the lead but only brought in two runs, the score remaining 6-2.

Second Game

In the second game Campbell defeated Veitch 7-5. It was a close struggle throughout and Campbell deserved full credit for his win. Nakamoto and Houston were the battery for Campbell and Veitch and Irvine for Veitch.

Lindsay was umpire; Hirano, scorekeeper, and Palmer, reporter.

Alex Burnside of Toronto came in fourth.

Electric Refrigeration

Simplifies Housekeeping Safeguards Health

MORNING, noon and night, every minute of the 365 days of the year, an Electric Refrigerator pays definite dividends on every dollar of its purchase price. Cash dividends in food saving. Health dividends in preserving the wholesomeness of milk, fruits and vegetables. Time and labor dividends for busy housewives who must plan and prepare a thousand and one meals in a year.

Solely on the basis of economy, you can afford an Electric Refrigerator, clean and dependable as electric light. You may entrust larger quantities of perishables bought at favorable prices to its care. You make fewer trips to market. Scores of easily prepared, low-cost, left-over dishes always available. Finer, more delicious meals are served, and, to cap the climax, all these advantages are yours to enjoy at an operating cost—it's almost incredible—of about $1 a month.

No less attractive are the terms of payment. These are so moderate, that for one to do without the comfort and convenience of an Electric Refrigerator is to deny oneself unnecessarily.

It is well not to lose sight of the fact that one of the reasons for the widespread use of Electric Refrigeration, is the economy that results. This has been the experience of millions of housewives the World over, a conclusive testimonial.
