

Here's Quickest, Simplest Way to Stop a Cold

1. Take 2 Aspirin Tablets.
2. Drink full glass of water. Repeat treatment in 2 hours.
3. If throat is sore, crush Tablets in a half glass of water and gargle according to directions in box.

Almost Instant Relief in this Way

The simple method pictured above is the way doctors throughout the world now treat colds.

It is recognized as the QUICK-EST, safest, surest way to treat a cold. For it will check an ordinary cold almost as fast as you caught it.

Ask your doctor about this. And when you buy, see that you get Aspirin Tablets. Aspirin is the trademark of The Bayer Company, Limited, and the name Bayer in the form of a cross is on each tablet. They dissolve almost instantly. And thus work almost instantly when you take them. And for a gargle, Aspirin Tablets dissolve so completely they leave no irritating particles. Get a box of 12 tablets or a bottle of 24 or 100 at any drug store.
