## BUYING FOR CHRISTMAS

Many people who send gifts to the Old Country will be now looking around for suitable places to purchase them. It is time to plan these presents now. Old Country relatives like to hear from the overseas people and get something a little different from what they can buy at home.

## PALE, PEPLESS GIRL BECAME PRETTY -AND WASN'T SHE PLEASED!

It all happened in 30 days! In November the girl was pale, run-down and lacked vitality. Weight subnormal; only 91½ lbs. Her blood, when tested, was found to be low in red corpuscles and lower still in haemoglobin, the red substance in the red corpuscles. She was given a 30-day treatment. And what a happy change took

She gained nine pounds and her complexion glowed with rosy health. Her face rounded out and she became positively pretty. The treatment—as shown by a second blood test—had greatly in-creased the red corpuscles and haemoglobin in her blood, consequently she felt and looked radiantly well. The preparation that worked these wonders was Dr. Williams' Pink Pills.

way. We know that the blood carries nourishment and vitality to every part of the body. But unless the blood has a sufficient number it cannot carry on its vital work. It is here that Dr. Williams' Pink Pills produce constructive benefits. This remedy increases, in most cases, both the red corpuscles and the haemoglobin. Blood tests

Good looks and good health are too precious to neglect or experiment with, If your feelings and your mirror tell you that you are under-weight, nervous, sallow, easily tired out—take this tested remedy, Dr. Williams' Pink Pills, for 30 days, as the girl mentioned above did. Then check up on beauty and health you have gained. Full size box is priced 50c.

# From the Waterfront

Bringing north a light list of passengers, Union steamer Catala, Capt. A. E. Dickson, arrived in port at 6 o'clock last evening from the south and sailed at 8 p.m. for An-

yox, Stewart and other northern points whence she will return here tomorrow morning and sail at 1:30

Vancouver, safling about an hour

Officers of the steamer Catala, south, reported having sighted yesof upwards of fifty large white swan winging their way south in straight line formation. White swan have been reported in the north on varlous occasions before but not in such large numbers as this.

Leaving plenty of birds behind for the nimrods who may followfact, ruefully admitting that hey had been completly "skunked"-a big party of local hunters, who really ought to have done better, returned home last night aboard the Salvage Princess from Welcome Harbor. It is understood that the birds got wise to themselves and now read the Waterfront Whiffs on Saturday so decided to spend the week-end elsewhere. The gameless huntsmen were Capt. Paul Armour, Don Crerar, F. A. MacCallum, W. M. Blackstock, W. O. Fulton, Capt. J. R. Elfert, L. W Haworth, Walter Hume and F. N. Good.

A fine big grouse was seen at the end of the week on the hillside at the foot of McBrice Street in the vicinity of the Fisheries Experimental Station. It is not often that they are sighted so close in town.
