WHY PAY HIGH PRICES FOR OLD STOCK?

We sell shoes, lots of them, because people know our prices are right. Our stock is new. We receive new shipments every week from Canadian manufacturers.

Why pay \$7 to \$12 for shoes when we offer them for one-quarter this price. Leckie's Shoes that are made in B.C. by B.C. workmen.

Buy home products. Why buy Running Shoes that are old stock carried over for the last six years and are perished goods when we offer you all new goods, bought of Goodrich, Fleet Foot and all leading makers.

We do not buy American goods when Canadian footwear is just as good and gives better wear.

> Try a "Hospital-Tested" Remedy

Normal health and energy are possible only when the haemoglobin content of the blood is normal. That is because it is the haemoglobin that distributes vital oxygen from the lungs and nutriment from the digestive organs to build body cells and clear the system of poisons.

Dr. Williams' Pink Pills-long recognized as an efficient bloodbuilder-were recently put to another authoritative test of their power to increase haemoglobin in the blood-streams of run-down. nervous people. Forty thin-blood-"tired out" students were 'blood tested" before and after five weeks' treatment at a leading Canadian hospital. The authentic records of the test proved that these Pills are remarkably valuable in restoring strength and vigor.

Almost without exception the patients-male and female students-showed notable increases in haemoglobin, ranging as high as 22 per cent. They declared that they felt greatly improved in energy and vitality. The doctor in charge of the clinic was surprised by the extent of the improvement in so short a time.*

Many thousands of benefitted users have Dr. Williams' Pink Pills to thank for restoring them to normal health. The same happy experience can be yours. Try a month's treatment. Childretn and young women in many cases need this "test proven" remedy as much as adults do. Your Druggist can supply you - 50

cents a package. *Individual reports on these 40 patients, certified by the hospital pathologist, are on file.

Sunday Concert At Hospital Is Greatly Enjoyed

Members of the Prince Rupert Philharmonic Society and the Junior Symphony Orchestra visited the Prince Rupert General Hospital yesterday afternoon and, much to the delight of patients and staff, repeated the concert program which had been presented in First Presbyterian Church last Friday night. At the conclusion of the recital, appreciation for the entertainment was voiced by G. V. Wilkinson, president of the hospital board.
