Success Comes to Chamber of Comerce After Many Years Of Pleading-Will Provide Work For Unemployed **During Coming Winter**

Word has been received in the city that permission has been granted by the provincial government for the export of thirty million feet of hemlock logs from this district. This, it is understood, will go to the Orient, both China and The American boat Slaven which Japan being a market just now for that class of log.

The boat is sixty feet long and Tolmie government was importuned had a 100 horsepower engine. She to allow shipments to be made but had been used as a cannery tender. refused. Premier Pattullo was interviewed during his recent visit to the city and the desirability of the permission being granted was pressed upon him but he gave little encouragement even then. The matter has been taken up again with the result that the required permission

> has been granted. Already the Chamber of Commerce is taking up with the wheat | five deaths are reported with pool the desirability of providing | thousands left homeless as a repart cargoes of low grade wheat sult of a typhoon which twisted such as that shipped to the Orient. | Manila from a wel lordered city to Definite contracts for supplying the | a confusion of debris early today. logs will have to be secured also Buildings are demolished, telebefore the men can go into the

The logs will provide considerable shipping out of this port such as has been needed and the cutting and shipping will give employment to a great many people.
