#### CONNOR'S NEW BOOK

Many years ago Rev. Charles W. Gordon, at that time to team which was also minus one pastor of St. Stephen's Church, Winnipeg, made a nation- of the Morrison clan. wide name for himself by writing a book entitled "The Man From Glengarry," and signed himself "Ralph Connor." It was much discussed, especially in Presbyterian Church circles. Some of the old folks were shocked but the younger folks were enthused and all were interested.

Many books have been written by the same author since at the interval, score being 16-9. that time, all very interesting and several quite outstanding. Now comes "The Girl From Glengarry," the story of although the trainmen started a Canadian girl who undertook a great work and carried belated rally but were ditched, full it out.

"The Girl From Glengarry" is a love story but it deals with economics and the stock market and an experiment in industrialism. Of course there is a Presbyterian parson who is a man of fine character but also quite human. ### They Never Come Back ...?

DR. BILL CARSON

The injury to Ace Bailey of the Toronto Maple Leafs recalls a similar injury to another former Toronto player in Dr. Bill Carson who suffered a slight fracture of the skull while in the uniform of the Toronto St. Pats. Curiously enough it was a Boston defence man who crashed Carson to the ice causing the injury. Carson lingered in major league hockey for another year or so after his injury, but he never came back. And that, it is feared, will be the result with Ace Bailey. Another case is that of Dick Irvin, Toronto coach, who was also laid low with a fractured skull, and never played much hockey after, although Dick claims he was too old anyway. The above photo was taken when Ace Bailey and Bill Carson were on the same forward line with the Maple Leafs years ago.

### Another Test Run

The Socony-Vacuum Corporation of New York conducted a test run of many makes of cars on a route through the Peace River Country, Alberta, touching at Edmonton, Saskatoon, Moose Jaw, Regina, North Portal and down through the United States and on into Mexico. The leading car was a Ford V-8 Fordor, owned by the Socony-Vacuum and bringing up the rear was a V-8 Cabriolet which was driven by the Secretary of the Expedition.

Included in the tour were a Chevrolet, Buick, Oldsmobile, LaSalle, Cadillac, two Pierce Arrows, G. M. C. truck, Studebaker, Pontiac, and other makes, as well as two Fords.

It is interesting to note that it was reported on the arrival of the caravan at Edmonton from the Peace River Country that the V-8's were the only units which made the round trip through mud without having to be towed. On a close check we find one of the V-8's travelled ten continuous hours in low gear, the temperature never exceeded 140 degrees and gasoline consumption was one gallon to ten miles while running in low gear. All the other cars had boiling radiators and required repeated additions of water.
