SPORT CHAT

Announcement is made in Paris that a wealthy French industrialist has presented a cup for international professional team tennis championship. It will go into competition for the first time next June when professional teams representing various countries of the world will meet at New York.

New York Giants defeated Boston Redskins by a score of three to nil early this week to capture the eastern United States professional football championship and will shortly meet the Chicago Bears, western champions, for all American professional honors. The Chicago Bears won the western title yesterday by defeating Detroit Lions 19 to 16. They have not been beaten this season.

Stanford will represent the west in the annual New Year's Day Rose Bowl football classic at Pasadena but who will be their opponents is not yet known. Several teams are vying for the right to represent the east. Stanford was the unanimous choice to represent the Pacific Coast Conference at a meeting of all ten member teams of the conference. They will select their own opponents. Alabama is the probable choice although Pittsburg. Colgate and Columbia are also possible. Minnesota is now out. Colgate won more favor yesterday by defeating Brown 20 to 13.

Gordon Wallace, well known in Prince Rupert boxing quarters, and Billy Townsend, from whom he recently captured the Canadian welterweight championship, have been rematched to fight in Vancouver on December 11. Townsend expects to win back the title in this bout despite that he was thoroughly outpointed by Wallace before. The battle will be followed with much interest. Wallace has many admirers here following the bout in the city some months ago when he cleaned up on Jack McEvoy.

Sea Serpent Snap Shots

A basking shark was washed ashore on the coast of France some time ago in a manner somewhat similar to that in which Prince Rupert's now famous "sea serpent" was recently stranded. The remains, like the local one. excited much interest in Europe and a book was written about them.

"... So that Our Visitors. will be Sorry to Leave"

"If we are going to invite people to this country, we must be honest with them . . . Courtesy costs nothing and is one of our greatest tourist assets . . Let us so treat strangers within our gates that it will be easy for them to come, pleasant for them to stay, and difficult for them to leave."

> Rt. Hon. R. B. BENNETT, Prime Minister of Canada, to the Canadian Association of Tourist and Publicity Bureaus, November 6, 1934,

(anada's tourist activities represent more than a great industry from which everybody benefits. They provide an opportunity to create what the Prime Minister has described as 'that feeling of neighbourliness' which is such a vital factor in building up cordial relations within the family of nations.

For both these reasons, may I urge upon the people of Canada the importance of showing consideration, courtesy and honesty to guests of our country? Let us all do those little acts of kindness which count for so much when one travels in a strange land.

We have a beautiful country. We must keep it so. We want our visitors to travel highways free from disfigurement, walk the streets of cities that are orderly and clean, and find at the end of every day's travel an inviting spot to rest. Canadians should turn their attention now to the important work of preparing for next year's tourist season.

As a nation, we are advertising abroad the attractions of Canada as a holiday land. We must see to it that our guests return home with only the happiest recollections—and the determination to come back again and again.

Nor should we forget, in planning our own vacations, that there are beauties to discover and friendships to be made in our neighbouring provinces. We live in one of the world's most glorious playgrounds-let us learn to know better the rich variety of its travel attractions.
