HOLLAND IS DESCRIBED
 Mrs. R. P. Steeves of Vancouver is Interesting Speaker Before Canadian Club

Her subject being "The Golden Age of Holland." Mrs. R. P. Steeves of Vancouver was a pleasing and interesting speaker Saturday evening in the auditorium of Booth Memorial School before a gathering of ladies under the auspices of the local Women's Canadian Club. In developing her theme, Mrs. Steeves gave an outline of European history and affairs in the Seventeenth Century when Holland played a leading part in trade, most of the shipping of that period from Central Europe coming down the Rhine, Scheldt and Meuse Rivers through the Netherlands. Holland was also the centre of the Protestant religion at that time and was active in war. It was the first country to have a national bank. Pictures were used to illustrate Dutch art of the period. The cleanliness and industry of the people were described and the speaker told how even then, as they were doing now, the Dutch had retrieved land from the sea. Beautiful bulb plantations were described and mention made of the clear transparency of the air in the picturesque little land by the Zuider Zee. Mrs. A. E. Parlow, president of the Women's Canadian Club, was in the chair and a vote of thanks was tendered the speaker on motion of Miss E. M. Earle.

County Court To Sit at Smithers
 Man Committed For Trial on Charge of False Pretences—Youth Also Coming Up

Edward Alvin Dieter has been committed for trial by Harvey Davies J.P. at Smithers on a charge of obtaining relief by false pretences, divisional headquarters of the provincial police here have been advised. Dieter, it is alleged, obtained relief by declaring he was destitute when actually he had done work during the month of March which had brought him in \$90. Judge W. E. Fisher left on last evening's train for Smithers to conduct a session of County Court at which Dieter will come up for election as well as John Morland, a young man, who has been committed for trial on a charge of holding up a Chinese restaurant keeper. L. W. Patmore, also leaving for the interior last night, will act as crown prosecutor. There is also a case coming up in which a farmer is charged with sowing noxious weeds on the farm of a neighbor.

WHIFFLETS From the Waterfront

After this week, the Union steamer Catala, southbound from here to Vancouver on Tuesday afternoons, will suspend making the scheduled call at Ocean Falls. With the Canadian National Steamships giving two calls weekly at Ocean Falls each way during the summer, it is considered unnecessary for the Catala to make the call. The Catala will continue to call at Ocean Falls northbound.

Operating under new summer schedule, C. N. R. steamer Prince John, Capt. Edward Mabbs, left Vancouver last Saturday evening instead of Friday and is expected to arrive here late Wednesday night or early Thursday morning via the Queen Charlotte Islands. Under the new schedule the vessel will leave here Saturday night at 10 o'clock instead of Friday night on her return to Vancouver via the Queen Charlotte Islands.

Again delayed on account of extra freight handling on the northern end of the run, Union steamer Catala, Capt. A. E. Dickson, is reported due back at 5 o'clock this afternoon from Anyox. Stewart and other northern ports and will sail soon thereafter for Vancouver and waypoints. The vessel made a special call at Big Bay today to load boxes from the McAfee and Sunbury mill for delivery to Butedale cannery.

Sixteen passengers embarked here aboard the steamer Princess Louise yesterday for the north. There was a party of three prospectors for Atlin, four for Squaw Creek and a provincial department of public works survey party, headed by Charles Ellison, for Ketchikan enroute to the Unuk River mining area.

CANNERY WAGE UP
 Alaska Workers Will Make Much More This Year Under N. R. A. Code

KETCHIKAN, June 19:—Cannery workers in the northern district of Alaska will, it is expected, earn 47% more this season under National Recovery Act code than they did last year. Workers in the northern districts will make 47% more. Standards of quality will also be regulated further under the canned salmon code.

French President In Bordeaux For War Dedications
 BORDEAUX, France, June 19:—President Lebrun is paying a visit to Bordeaux to dedicate a number of war memorials including one commemorating the landing of the first troops from the United States for service in the Great War.

Why an Easy?
 Scores of different washers are on the market. Scores of others have come and gone. Not one employs the same principle they used ten years ago—Easy excepted. Cylinder, Oscillator, Dolly, Agitator are all obsolete today. The Easy Co. has used and developed the vacuum cup principle for 57 years. All others force the clothes through the water.

Easy forces the water through the clothes. There's a difference.

A factory representative will be with us during the week. Easy Washers and Easy Ironers will be demonstrated. Call for demonstration. Your presence will be appreciated.
