DAILY EDITION

LOOKS LIKE ACTION

Member of Audit Bureau of Circulations

The Speech from the Throne prepared by the Pattullo \$1250. administration and delivered by the Lieutenant Governor at the opening of the Legislature yesterday indicates \$1850; 15, 2, 5, \$2250, \$1850. that efforts will be made to carry out some of the promises made during the election campaign. Legislation to relieve unemployment must mean that steps will be taken \$1500; 22, 14, 1, \$1800, \$1500; 11, 14, to provide work and wages. A refunding bill is promised 6, \$2375, \$2000; 12, 14, 6, \$2375. \$2000. with the idea of reducing the interest charges on the securities held by the government. An economic council is to \$630, \$500; 34-35, 14, 5, \$3600, \$3000. be formally instituted and also a department of municipal affairs. People with small wages or salaries will be re-\$2000. lieved of taxation and a bill will be introduced dealing with the matter of mortgages.

This is not a bad list of problems for the Legislature to wrestle with in its first session. If it can do anything in the way of providing work and wages and refunding the provincial debt it will have earned its first year's pay.

ENCOURAGING PROSPECT

Evidently Premier Bennett is planning some popular legislation before making an appeal to the country. He declares he has been negotiating with the United States with a view to arranging a reciprocity treaty and that he is planning to carry on the negotiations in a more concrete \$1000. form as soon as the president is given power to bargain.

The Prime Minister stresses the desirability of being fair to both Canada and United States. That is the only kind of treaty that can stand the test of experience and we are glad that the head of our government is alive to the situation.

Prince Rupert has everything to gain by reciprocity.

BIG ELECTRIC INSTALLATION

For several months the United Empire Gold and Silver \$7000. Mines at Stewart have been spending money installing an \$3050. electric system in their mine near the top of the mountain back of the town. Yesterday we were able to announce that \$1200; 45, 9, 5, \$2250, \$2000: 9, 23, 5, it had been completed and that from now on the mine \$1350, \$1000; 26, 7, 6, \$2250, \$2000: 200 would be operated by electric power and lighted by the 20, 19, 6, \$1350, \$1200. same. The power is supplied by the same company that s650. controls the supply in Prince Rupert.
