MELODRAMA ON SCREEN LOG CAMP STRIKE ON

"Masquerader," Featuring Ronald Colman in Double Role, at Capitol Theatre

A famous stage melodrama comes to the screen of the Capitol Theatre here at the first of this week in "The Masquerader" with Ronald Colman, playing a thrilling dual personality role, heading an excellent cast.

The story is that of a young Canadian journalist who, finding that he is the living image of his dissipated drug-crazed cousin, an English politician, agrees to assume the latter's place during a great crisis. An adoring wife, played by Elissa Landi, and a jealous mistress, whose part is taken by Juliette Compton, take part in the exposing of the masquerade.

Others in the cast include Halliwell Hobbes, David Torrence, Helen Jerome Eddy and Creighton Hale.

This 'Hospital-Tested' Remedy Is Needed By 'Tired' People

You may be one of those very numerous people who feel tired out, always exhausted, run-down, nervous, if so, the trouble probably is that there is not enough vital oxygen being carried from the lungs or enough nourishment from the digestive organs to build body cells normally and to clear the system of poisons. In a word, you have a "low blood count" and need a tested restorative. Thousands of people have this condition without knowing that it can be quickly and easily corrected.

Dr. Williams' Pink Pills is a "hospital-tested" blood builder that will benefit you as it has helped others. A recent "blood-test" clinic of 40 people at a leading Canadian hospital furnished scientific proof of the remarkable efficiency of these pills in restoring health, strength and vigor.

Among the 40 people who were volunteer, tested patients, was a young woman who was in evident need of a blood-builder. Her blood count was low, the red corpuscles being not only too few in number but also too small in size, and the haemoglobin also was below normal. Although she didn't know it, these were the cause of her exhausted feeling, lack of pep, nervousness, impaired appetite. With 39 other patients she was given Dr. Williams' Pink Pills for a period of five weeks.

At the end of that time, this young lady's blood tested 10 per cent. higher in haemoglobin, the red blood corpuscles were greatly increased in number and were of normal size. She had lost her "always tired" feeling and her nervousness, her appetite was sharpened and she was feeling full of pep and energy. Dr. Williams' Pink Pills had restored her blood stream to a normal, healthy condition. It had done as much for the other patients. It will do as much for you.
