BROADCASTING CHANNELS

The Canadian Radio Commission is to be congratulated dusk, Annette Tigerettes defeated to Smithers on August 3 in connecon its plan for making another effort to give better reception by a readjustment of broadcasting channels. The last darkness forced the game to a ter- time by the Canadian National time they were readjusted they were worse than before, so mination. Both teams were hitting Railways. far as British Columbia is concerned.

The next thing to ask for is a real station in British Co-plays gave the Ladies' Ready-to- BOWLING lumbia which will draw its programs from any part of the Wear team an early lead which they BOWLING province and give good reception to all. The prairies are well provided for and it seems that the eastern provinces are not badly off, but British Columbia, especially the Fritz: Annette's, Skattebol and northern section, has been out of luck and has had to de- Basso-Berte pend very largely on the American stations for its programs.

A VERY ATTRACTIVE TRIP

It prolongs the voyage and gives passengers an opportunity to visit a most important section of the province at very low cost. Once word gets around that it is a really attractive trip it should become very popular. The company is to be congratulated on making this effort to develop travel by way of the islands.

Short End of 12 to 4 Score Last Evening

In last night's City League softdian National Recreation Assotiation downed the Moose nine 12 to 4. The C. N. R. A. slugging machine began functioning right from she gong and continued in operaion until the last inning, fifteen hits caroming off the railwaymen's ludgeons while the Moose collected only five bingles off the C. N R. tosser. A slippery outfield made going underfoot very insecure and here were, as a result, numerous errors in this section of the dianond. Orme Stewart, new Moose chucker, tried very hard, striking out seven railroaders, but his opponents seemed to find his delivery very easy if fifteen hits signify 0 hurler, tossed his usual good game.
