Local News Notes

Wednesday night, members of the he Canadian National Railways, trip to Vancouver and Seattle. Gilils Royer, dictator of the lodge was in the chair.

MOTHER! don't experiment with your

Rub on VICKS VAPORUB

the proved way of relieving colds The minute you apply Vicks VapoRub over throat and chest it goes right to work to fight a cold - two ways at once - by Stimulation and Inhalation. Through the skin, it acts like a poultice, "drawing out" tightness and soreness. At the same time, its medicated vapors are inhaled direct to irritated air-passages. All night long, it works to help Nature "throw off" the cold.

Ideal for Children's Colds Being externally applied, VapoRub avoids the risks of those digestive upsets that so often come from constant dosing. It can be used freely, and as

often as needed, even on the youngest

child. And it's just as good for adults.

The Capitol Theatre was crowded yesterday afternoon with pupils of the High School and the higher grades of the public schools when an hour of scenic pictures in England and Scotland was presented. The films were made available by the Canadian National Railways and exhibited through the courtesy of D. G. Borland, manager of the theatre. Wives of members of the Gyro Club and a number of

other ladies were also present.
