Glorious Picnic and Glorious Day For Sons of Norway

About 175 persons enjoyed a picnic held by the Sons of Norway Lodge on Tugwell Island on Sunday. Five boats were used for the occasion—the Fredella III, Capt. Ole Skog; Oslo, Capt. Aksel Olsen; Southend, Capt. Jentoft Ellertsen; Gony, Capt. Alf Jensen, and Atl, Capt. W. Bussey. It was a perfect day.

A gallon of South African wine was raffled, the winner being Mrs. A. Martinsen with No. 61. G. M. Hunt had the married women all excited by offering an upholstered stool for the winner of a one hundred yard foot race. The lucky one was Mrs. C. Batt.

Winners of races were: Girls under 6—Ruby Andersen, O. Skog. Boys under 6—John Strand, Harold Skog. Girls under 10—Jean Krause, Ella Krause. Boys under 10—Lloyd Keays, Rolf Andersen. Girls under 14—Ella Krause, Signe Johnsen. Boys under 14—Elmer Clausen, John Skog.

Married women's race—Mrs. C. Mars, Mrs. R. Scherk. Married men's race—Gunnar Selvig, Ole Skog.

Three-legged race—Miss Mildred Hunt and Elmer Clausen, Miss Thelma Skog and John Skog. Single men's race—A. Petersen, H. Knutsen.

The best averages from all races were run in a final. Winners for ladies were Mildred Hunt, first, and Signe Johnsen, second. Winners for men were Hans Knutsen, first, and Pete Petersen, second. A tug-of-war between married and single men resulted in the married pulling the single across the bar. The tug-of-war between married and single women resulted in the married women winning.

Capt. Aksel Olsen and Raider Jensen got everyone rounded up and treated all to ice cream and soda water.

The committee in charge of the day included Gunnar Selvig, Ole Skog, John Storseth, George Anderson, Jenny Selvig and Inger Murvold.

STRIKE PROVES INJURIOUS

The big shipping strike in the United States is proving injurious to the trade of that country, a hardship to merchants and a great loss to the men who are refusing to work. In addition to that it is a great inconvenience to the people of the country generally and to the residents of Alaska. It is a general loss and an economic mistake.

We are not now discussing the rights or wrongs of the cause of the waterfront workers or the people who employ them. We know nothing about them and do not care to discuss things of which we are ignorant. What is meant is that strikes are always economically wrong. It ought to be possible to adjust differences just as it ought to be possible to prevent war, but so far no system has been discovered. Arbitration has proved useless because there has been found no way of enforcing the awards.

Some day it will be possible to make adjustments of this kind without ruining the trade of the country, depriving citizens of food and clothing and other necessities or luxuries of life and arousing passions which have a degrading effect on the whole nation.

Consumption of electric power in Canada has risen steadily since March 1933. Prior to that the decline was almost equally steady.

Possibly it was wrong of the people of Prince Rupert to expect anything from the Bennett public works distribution. Most of the money is apportioned to the southern part of the province but even there its influence will scarcely be felt. Victoria is raising a protest at getting so little, so it seems futile for us to protest.

Germany and Great Britain are having a difference over the collection of money. It is not a serious crisis as no European country is ready or willing to plunge the world into another war. France is really more dangerous today than the other nations. Fear of Germany is giving her a case of nerves.

SOFTBALL EXCITING

Grotto Noses Out Elks in Eighth to Mark up Sixth Straight Victory

In a close, exciting City Softball League game the so far undefeated Grotto nine last night consolidated their already big lead with a 7 to 6 victory over the second place Elks, their nearest rivals.

An eighth inning blow-up by the Antlered Herd gave the Grotto their very close win.

The Lodgemen started the scoring in the first inning, Lambie getting home when Yager found difficulty with Ogg's slow grounder. The Grottoists tied the score up in the fourth stanza when Gurvich tripled and then scored on Antonelli's long fly, Barber being a little slow in the throw-in. But this tie was short-lived when Lambie, in the fifth, with Johnson on board, stretched a two-bagger into a homer. The game went into a tie-up again in the next inning when Hill and Antonelli, slamming out the fourth and fifth two-baggers of the game, scored the former. But in the seventh, the Antlered Herd went to the fore again when Scott walked, Barber singled and Johnson cleared the bases with a three-sack looper, scoring himself when Fong booted Lambie's grounder.

Then came the eighth when the Elks, with a two-run margin, changed from bang-up ball playing to the blow-up variety. Several costly blunders by Joy on third gave the Tobaccoists their tying runs with the tallying of Gurvich and Veitch. With Yager aboard third and two down Scoop Bury, Grotto pilot, smashed a single to right field to give his team the one run lead which the Elks were unable to overcome in the last time at bat in the following inning.

Girls' Game

In the Ladies' League, the Grotto Girls also came through with a win after the fashion of their namesakes in the Men's League. They defeated the Moose Maids by a score of 9 to 5, taking advantage of Moose blow-ups in the fifth and sixth innings to tally their winning runs.

Field Condition Helped England to Win Cricket—Hedley Verity Did Good Work

LONDON, June 26: (CP)—The Weather Man helped to give England the victory over Australia in yesterday's test cricket match. A heavy overnight rain left the wicket perfectly suited to Hedley Verity and the slow left-arm spin bowler proved disastrous to Australia. On the day he garnered fourteen wickets, getting six first-inning wickets for thirty-seven runs and eight in the second for forty-three.

It was the second test match and England's first win, the score having been: England, 440, and Australia, 284 and 118. It was the first win for England at Lords since 1896.
