HAVE You Been Getting Poor on the Money
 You Have "Saved" by Using Cheap Printing?

The business man who seeks cheapness as the first consideration in buying his printing, never really pays much attention to other elements in the transaction—except, perhaps, the matter of getting it done quickly.

The money SAVED by buying CHEAP printing is money on which you have paid an absolutely ruinous premium!

It will make you poor if you persist in saving enough of it!

FOR HIGH CLASS PRINTING OF ALL KINDS SEE THE "NEWS JOB"

RELIABLE WATCHES
 Is the World's Greatest Demand

Our Watch Department is one which gives to the people of Canada that standard of reliability which appeals to all in this busy century, when every moment of time must be rightly spent in order to get the most out of it. With us you will find the best in every make of watch, from the reliable BIRKS' SPECIAL, to the best among the American and Swiss movements. Our leaders are the Howard, Hamilton, Longines, Agassiz and the finest grades of the Waltham and Elgin productions. See our catalogue, or write to us directly for information relating to our watches.

CAPITAL - \$10,000,000 REST - \$7,000,000

DRAFTS ON FOREIGN COUNTRIES

Every branch of The Canadian Bank of Commerce is equipped to issue drafts on the principal cities in the following countries without delay:

Africa, Asia, Australia, Belgium, Brazil, Bulgaria, Canada, China, Ceylon, Denmark, Egypt, Finland, France, Germany, Greece, Great Britain, Holland, India, Ireland, Italy, Japan, Korea, Mexico, New Zealand, Norway, Panama, Persia, Portugal, Rumania, Russia, Siam, South Africa, Spain, Sweden, Switzerland, Turkey, United States, Uruguay, West Indies, etc.

The amount of these drafts is stated in the money of the country where they are payable; that is they are drawn in sterling, francs, marks, lire, kronen, florins, yen, taels, roubles, etc., as the case may be. This ensures that the payee abroad will receive the actual amount intended.

THE COSY CORNER

DEVOTED PRINCIPALLY TO THE INTERESTS OF WOMEN

This is a little section of the paper, which from day to day will be devoted to subjects of special interest to women. Any and all of the ladies of Prince Rupert are invited to contribute to its columns, and to take part in its discussions. Suggestions and criticisms are invited by the editor. The hope is expressed that "The Cosy Corner" will fill a social need.

HAIR WASHING HINTS

Carefully Attended to Mean Brilliant Tresses

The most thorough daily brushing cannot keep the head entirely clean, and a good washing is needed more frequently in summer than in winter. No stated intervals can be fixed. One can perceive by the feeling of the scalp and the heavy "listless" condition of the hair when her head needs washing. Those who spend their summers in the country often have the advantage of rain water, which can be caught in the city, too, of course, but usually so impregnated with coal soot and particles of dirt that it is not fit for use. While nothing quite equals a good pure soap and fairly hot soft water, the egg shampoo may be used sometimes with good effect in summer. Beat up an egg, thin it with soft water, and add a few drops of lemon juice. Wet the head, rub on the egg mixture, and wash as usual, and rinse thoroughly. Use tepid water so as not to curdle the egg.

The method of drying should have reference to the color of the hair. Blonde hair may be dried in the sun—if not too hot—but darker hair should not be exposed to the strong sunlight while it is wet, although it will take on a better gloss if it is sunned afterwards. Of whatever hue it may be, the hair should be first patted with a dry towel to absorb as much of the moisture as may be, and then the tresses shaken and tossed about so that they will dry from the roots outward. With the fingers carefully undo any tangles put the hands under the hair and run the fingers over the scalp, then out through the hair, opening a way for the breeze to follow.

SCHOOL BOOTS

Be Careful Not to Alter the Shape of the Foot

Well-fitting boots are exceedingly important during the school age. The child who has to walk to school and play about in boots that are too tight is suffering needless pain. Even a very slight degree of pressure alters the shape of the foot and squeezes the big toe out of the proper straight line. Uncomfortable boots make cramped toes, affect the carriage and deportment of a child, and prevent him from enjoying the rapid movement and exercise that is good for him.

Green Gooseberry Jelly

To each pound of fruit allow three-quarters of a pint of water, and simmer till the gooseberries are well broken; turn the whole into a jellybag to drain. Weigh the juice, and boil it rapidly for fifteen minutes; then draw the pan to the side of the fire, and stir it until dissolved an equal weight of powdered lump sugar. Boil for twenty minutes, taking off the scum as it rises; then pour into jars, and tie down when cold.

Girls' Feet Growing

The United States shoemakers have announced in their annual convention at Boston that women's feet are becoming larger. The number two size of women's shoes has practically gone out of use, and very few dealers keep them on sale. This is probably due to the greater prevalence of lawn tennis, hockey, and golf as women's recreations.

Fish Cooked in Paper

Take some thin white paper, rub it over with melted butter or oil, lay the fish in, and just fold the edges together. Bake in a moderate oven. Serve in the paper. This is most delicate and far more tasty than frying.

Pantorium Pioneer Cleaners, Phone 4

FILBERT SHELL FASHIONS

Tiny Notelets of News from Paris, London, New York

Sashes are worn a great deal with afternoon toilets.

Paris decrees black velvet slippers for evening toilets.

Blind embroidery and English eyelet are both favorites for the separate white waist, is a London item.

It is going to be a great cotton season, and cottons are going to be tolerated where formerly they have been prohibited.

To be really fashionable this season one must be slender, says the New York modistes. En silhouette is the rule of the day, a rule modish women are trying religiously to follow.

If a net blouse is to be laundered it should be ironed on the wrong side while it is quite damp with a clean and moderately hot iron. This causes the new fabric to stiffen. Lace may be treated in the same way.

REFRESH SUNSHADE

Quite an Idea for the Girl who is Clever

Sometimes the upper half of a silk sunshade is in perfect condition while the lower portion is badly soiled. In this case it is a good idea to apply a wide border of some contrasting shade, color or design. With a magpie striped top, a border of black satin enlivened with Persian figures is most effective, and on a plain pongee an Oriental design in silk is good. Wide black velvet ribbon makes a stunning border for almost any sunshade of pale hued silk or satin, and it lends so rich to even a medium priced article that many girls are buying new ones and dressing them up with bows and borderings.

To Get Cream Quickly

To get cream quickly, pour the new milk into a basin, and stand the basin in another one, containing a little hot water, for an hour or two. The cream will soon rise to the top, and can be skimmed quite easily.

MANY LEFT BY PRINCE GEORGE

Busy Scene on the Wharf This Morning when the Ocean Flier Pulled out.

There was more than ordinary series of departures this morning by the Prince George, many well known Prince Ruperts going south in addition to the usual number of holiday makers returning home.

Prominent among these were Messrs. Clayton, Newton and J. F. MacDonald who are going to Nanaimo to attend the Conservative convention there on Wednesday. They will be joined while away by Messrs. William Manson and J. E. Merryfield who are at present in the south.

Miss MacTavish, matron of the General Hospital, who is on a vacation trip, and Mr. C. E. Gibbons of McCaffery & Gibbons who is going south on business were on board. Several of the hospital staff were present to see Miss MacTavish off.

Among those going east to visit relatives were Mrs. C. B. Wark and Mrs. and Miss Holtby.

There were a large number of people on the wharf to wish the travellers a pleasant voyage.

Jack Cancilla has returned from the States where he underwent an operation, but is well again and is already getting back into the fight game.

ITEMS OF SPORT

Henry Groh, of the Decatur team, touted as one of the speediest players ever seen in the Three-I league, has been sold for \$3,500 to the New York Nationals.

Ty Cobb's contract is out this year and the Detroit club will most likely have to pay the George "Peach" a million or two before he signs for next season.

Russell Ford is without question the best twirler in the American League today. His peculiar and mysterious delivery is a puzzle to every batsman who comes before him, and it is safe to say that his excellent work is in a great measure responsible for the Yankee's steady climb to the front.

Amateur sport in the West this summer, says the Manitoba Free Press, has been making a great bid for patronage, and has succeeded fairly well. But in the case of baseball and lacrosse there will have to be a sudden change in some respects at least, or the sport will die a natural death. Both the baseball and lacrosse this summer has been of a high-class order, but the games have been marred by continual umpire and referee bating, which is certainly uncalled for and is causing more trouble every game.

President Lynch of the National League said the other day that in view of the player's promise of future good behavior he might soon raise the suspension inflicted upon Magee of the Philadelphia club. He declared, however, that if Magee is allowed to re-enter the game it would be with the understanding that he was on strict probation.

A pathetic scene was enacted at Comstock Park, when Pensia Maid, most promising and beautiful of trotting mares, was buried deep in the infield of the track oval. Trainers and ordinarily unemotional stable swipes sobbed unaffectedly, and track dignitaries turned away and choked in their throats as \$25,000 worth of horseflesh was consigned to earth.

The death of Pensia Maid, whose record stood at 2:04 1-4 occurred in her stall at the park. An autopsy by Dr. Robertson Muir established the fact that compound fracture of the pelvis bone had ruptured a blood vessel, resulting in hemorrhages, which caused her death.

Souvenirs of the sad occasion were eagerly grabbed off by the small group of sincere mourners at the graveside. Presiding Judge Keating secured one of the mare's well worn shoes and A. G. Asdikan of the New York Telegraph, took one of the fleetest hoofs that ever stepped on the track. The head, said by most track officials to be the most beautiful which adorned any animal travelling the Grand Circuit, will be preserved and mounted by Harry A. Moormann of the Kent Scientific, museum for her owner, R. J. Mackenzie, the millionaire turfman of Winnipeg.

PERSONAL

Mr. and Mrs. Case of Columbus, Ohio, are in the city visiting their daughter Mrs. Clarence E. Bainter.

Miss Whyte of Chicago, who has been visiting Mrs. S. P. MacMordie for the past month or so, left on the Prince George this morning for Seattle en route for home.

Miss MacTavish left by the Prince George this morning on a vacation trip to Princeton in the Okanagan Valley.

Mrs. C. B. Wark left by the Prince George this morning on a visit to Toronto.

Mrs. and Miss Holtby left by the Prince George this morning on an extended visit to Ottawa, Montreal and Quebec.
