Snowplows have been placed into use in Iowa, Dakotas, Nebraska. Minnesota and surrounding states as a result of terrific dust storms which have swept fine particles of dirt into huge drifts on the highways and farms. The dust also has been disastrous to stock, scores of cattle having died as a result of eating dustcovered food. The photos show farmers plowing away the dust near Spencer, Ia., where the drifts were heavy. Rains of the last few days have somewhat relieved the drought.
