MUSSALLEM'S ECONOMY STORE

You are well aware of the fact that it was WE who reduced the retail prices of groceries while wholesale prices remained unaltered. This alone proves that we strive to increase the purchasing power of our customer's dollar. In other words our slogan "Where Dollars Have More Cents" is, judging by our many patron's opinions, rightfully chosen, They say our everyday prices are bargain prices.

By watching our advertisements you will convince yourself and you will be delighted at the end of the week with the amount you will have saved by dealing with us.

Memorial Service Of Moose Lodge

Stewart and Hyder Members Present at Rites Recently

STEWART, May 14:-The annual memorial service of the Portland Canal Lodge, No. 1218, Loyal Order of Moose, was held in the Pioneer Hall, Hyder, last Sunday evening.

This service which is held alternately in Hyder and Stewart, was conducted by officials of the Moose in co-operation with Rev. Father Wallace and Rev. Frank Bushfiela. Soloists were Miss Maureen Murphy, Richard Traversey and James Morrice. A duet was given by the Miss Catherine Jack and Helen Knipple. St. Mark's Junion choir, under the direction of A. Russwurm, was in attendance. Rev. Mr. Bushfield gave the address, taking as his theme "What Is Life?" and pointing out that, in connection with memorial services, it had been the custom for the Christian churches to teach people to prepare for death, whereas the real need was to teach peojle to prepare for Life.

Gardening In Prince Rupert

There does not seem to be a street in Prince Rupert that has not been affected by the gardening bug. Everywhere one goes one sees improvements. Grounds are being dug up that never were dug before. Present gardens are being extended, rockeries built, plants set out. The change over previous years is very marked.

Sunday evening I made a brief visit to Seal Cove and was much impressed with the improvements going on there. On the top of the hill overlooking the harbor is one of the choicest residential sites in the city and each home is developing a garden. Most of the people there own their own homes and freights to discharge at cannery tually being swept out far over the even those who do not are actively points along the coast, Union Atlantic Ocean. improving their places. Seal Cove is well in line with the work going on n other parts of the city.

40 Brain Workers Tested This Remedy in Clinic at Hospital

Their nervous energy depleted by over-study as examination time approached, a group of stu-dents, who were definitely below normal in blood condition, formed the "test patients" for a leading Canadian hospital. The remedy prescribed for this five weeks' test was Dr. Williams' Pink Pills. The purpose was to determine to what extent this worldknown preparation would increase the haemoglobin and red corpuscles in the blood and so rebuild blood-health and restore normal vigor and strength.

The results were indeed notable. The carefully kept records showed that in every case where the patients' blood count had been below normal, the number of red corpuscles was increased, and in 38 out of 40 cases, or 95 per cent., the students experienced increases in haemoglobin also, in some instances as much as 22 per cent. The physician in charge considered this showing as most impressive. The studentpatients stated that they felt much more energetic, with a new sense of well-being.*

It is the haemoglobin in your blood that carries vital, life-giving oxygen to every cell in your body. If you are always tired, exhausted, breathless on exertion, nervous, irritable, lack appetite, most probably your blood count is below normal. Start taking this hospital-tested remedy and see how soon these symptoms will begin to disappear, and how much better you will begin to feel.

You and your family are taking no chances. Dr. Williams' Pink Pills are hospital-proven. At all druggists-50c. a package.

*Individual reports on these 40 patients, certified by the hospital pathologist, are on file.
