BENEFIT BY NEIGHBOR'S LOSS

Canada is evidently benefitting by the failure of the crop in a large section of the United States last summer. The drought there resulted in total or partial failure in a number of the most productive states and animals as well as people have been fed by imported food. Seven million bushels of wheat has been shipped in there already from Canada and it is reported that twice that amount of low grade wheat is to be sent there for animal food. These shipments will relieve somewhat the congestion in Canada.

SHIP OWN LOGS DIRECT

G. W. Nickerson, who has just returned from the south where he has been trying to sell logs from this district for export to the Orient, suggests to Prince Rupert people that it will pay them to form their own organization to cut the logs and ship them direct rather than sell them through a southern agency. By doing that they will save three dollars a thousand feet which seems to be the spread between Vancouver prices and those paid by merchants in China.

Doubtless either Mr. Nickerson or some other member of the local Timbermen's Association will take the lead in this matter and try to work out a plan for local people to handle the shipments instead of going outside and paying too heavy a charge. Certainly they will receive co-operation from citizens if it is sought.

WHAT FREEDOM MEANS

The Victoria Times editorially says: "Neither in Russia, Italy nor Germany is the ordinary person permitted to stand up and say exactly what he thinks—unless he is prepared to take unpleasant consequences. Nor may he express his opinions in the press. The newspapers in all three countries, which have a combined population of about 275,000,000, are muzzled; they may publish only what their governments decree.

"This obviously is what Mr. Arthur Brisbane, columnist for the Hearst press in the United States, had in mind when he wrote the following in his syndicated column yesterday in connection with an incident which occurred in London on Wednesday: 'In London on the day before their wedding, a crowd stops the automobile of the King's son, the Duke of Kent, and his fiancée, Princess Marina. They could not move for several minutes. But the duke and princess smiled, and the crowd smiled with them, and cheered. London does not shout royalty, because British statesmanship wisely allows absolutely free speech, and encourages it. When you can say what you like, you don't shout.'

SANTA'S GREETING TO RUPERT'S SEA MONSTER
The following message from the North Pole was delivered at the Daily News office today:
"Oscar Basking-Shark,
"Care the News,
"Prince Rupert—
"Sorry to hear you proved such a flop on your examination. But cheer up! Christmas is coming and, if you can keep from getting pakked, will bring you a new set of flippers and a bigger horse's head so that you will be able to give the horse lart to those scientists who don't know the difference between an honest-to-goodness Cadborosaurus and a Basking shark. Cheers!
"SANTA CLAUS"

REPORT ON FARM PLAN

Chief Hanson Gets Officials to Agree On Present Requirements—Outline Given

In his campaign to get an experimental farm for the central interior of British Columbia, Chief Hanson has asked the co-operation of Don Sutherland, district agriculturalist for the provincial government, Adolph Berner of the Soldiers' Settlement Board at Telkwa and Harry Bowman, C. N. R. colonization agent at Prince George. These three officials have met and discussed the proposal and have drawn up a memorandum of what is needed which the member is forwarding to the authorities at Ottawa.

The three officials agree that there is great need for an experimental farm and that the development of agriculture will be greatly hampered if no steps are taken to provide authoritative information not only for those already settled on the land but for the use of prospective new settlers. The district is approximately 500 miles long and conditions vary considerably in the different sections.

The recommendation is made that the farm should be located at some central point where it would be of the greatest good to the greatest number. It might be in the Vanderhoof-Prince George district, the Burns Lake district or the Smithers-Telkwa district. As to size 120 acres would be ample and the cost of the land should be about \$4,000. There should be a house costing \$3,500, outbuildings including silo \$4,000, fencing \$800, machinery \$2,500, 15 head of breeding cows and purchased bull \$800, seven work horses and one stallion \$1,500, three brood sows and a boar \$200 and 300 poultry. The manager would be a man with technical training and should be a working manager and he would require two assistants.

Tom Katsuyama arrived in the city on the Prince John yesterday from the Kelley Logging Co.'s camp at Mill Inlet to spend the Christmas season at his home here.

They Become You

"I like your glasses." How often you hear that said of a friend—say it yourself at times.

Glasses that are smartly designed and expertly fitted are becoming.

KITKATLA REVIVAL

Church Army Officers From England Find Native People Deeply Enthusiastic

Captain Hutchinson and Capt. Hargrave of England, who are touring Canada in the interests of the Church Army of the Anglican Church, are back in Prince Rupert after a week's visit at the native village of Kitkatla. At Kitkatla they were given an enthusiastic reception and had a busy time engaged in evangelical work among the natives.

On Wednesday evening last, on hearing the whistle of Charles Wilson's boat, the organization of Kitkatla were marshalled into line at the Church Army Hall. From there, led by the band, they met Captain Hutchinson and Capt. Hargrave.

The young men were greeted with a hearty welcome and, with their native frontier officers, led the parade along the village streets which had been carefully surfaced with clean shells, presenting a white, broad path. They passed beneath three arches of cedar boughs, bearing inscriptions of welcome from the various organizations. An appropriate service was held in the Church Hall. Then the visitors repaired to the rectory until the village bell pealed out the summons that Chief Gumbie wished to meet his people in company with the visitors at a splendid dinner given in their honor.

"The Kitkatla Band, led by its efficient conductor, Henry Brown, gave entertainment to the happy gathering. After dinner, which had been served by pretty waitresses, had been concluded, speeches were in order. An address of welcome was read by Henry Brown, then Chief Gumbie with James Ryan as interpreter, gave the young men the direction of the village. Other addresses of interest followed. William Bentley made an effective toastmaster, at all times commanding immediate attention. His position was permanent throughout the festivities of the week and he was the liveliest address.

Thursday evening the White Cross furnished entertainment and a dinner. Mrs. Robert Gumbie, its president, gave an address of welcome for her organization.

Friday night, the combined organizations—the Y. W. C. A. and the Y. M. C. A.—entertained in the village hall and Mrs. Arthur Hill, president of the former, and Henry Collins, president of the latter, were the chief speakers at the evening.

Saturday evening there was a sacred concert at the Army Hall. The St. Peter's Church Choir and orchestra rendered three cantatas, "The King Cometh," "The Promised Child" and "The Wandering

Light." The rendition of the pantatas, covered a period of about two hours. The rector was heard to remark that he was proud of the Kitkatla people.

Farewells Said

The farewell dinner was given by the Excelsior Club. Quite a number were absent through sickness. Yet the dinner was a fine success. The president, Matthew Hill, addressed the departing visitors, expressing the good-will of his organization, the hope of seeing them again and wishing success in their work.

On Monday night the farewell service was held. The choir and orchestra, combining forty-three persons, rendered a number of beautiful selections and a fourth cantata "Immortality." Captain Hutchinson delivered an address befitting the occasion.

On three occasions the village has welcomed visitors of import but, on careful enquiry, it is estimated that no visitors have received such a hearty welcome. It speaks well for the work of the Church Army and, in the words of the natives, the army is marshalling mighty forces in the interests of Christianity. The meetings were splendidly attended and a number gave their hearts to God.

The visitors left for Prince Rupert Monday on Henry Brown's boat, Chief.

Mr. and Mrs. Ed. Prenter arrived in the city on the Prince John yesterday from Buckley Bay and will sail tonight on the Prince George for Vancouver.
