British Columbia

The Mineral Province of Western Canada

The outstanding development in mining in British Columbia during the past year has been the increase in Gold Production.

Estimates of mineral production for 1933:-

GOLD \$4,230,000 7,000,000 ozs. 260,000,000 lbs. ZINC 150,000,000 lbs.

The pay-roll of the mines is estimated for the year at \$18,000,000 and dividends at \$2,000,000.

We invite investors to apply for authoritative information regarding mining development in the Province to:-
