Try a "Hospital-Tested" Remedy

Normal health and energy are possible only when the haemoglobin content of the blood is normal. That is because it is the haemoglobin that distributes vital oxygen from the lungs and nutrient from the digestive organs to build body cells and clear the system of poisons.

Dr. Williams' Pink Pills—long recognized as an efficient blood-builder—were recently put to another authoritative test of their power to increase haemoglobin in the blood-streams of run-down, nervous people. Forty thin-blooded, "tired out" students were "blood tested" before and after a five weeks' treatment at a leading Canadian hospital. The authentic records of the test proved that these Pills are remarkably valuable in restoring strength and vigor.

Almost without exception the patients—male and female students—showed notable increases in haemoglobin, ranging as high as 22 per cent. They declared that they felt greatly improved in energy and vitality. The doctor in charge of the clinic was surprised by the extent of the improvement in so short a time.

Many thousands of benefited users have Dr. Williams' Pink Pills to thank for restoring them to normal health. The same happy experience can be yours. Try a month's treatment. Children and young women in many cases need this "test proven" remedy as much as adults do. Your Druggist can supply you—50 cents a package.

Individual reports on these 40 patients, certified by the hospital pathologist, are on file.

Rushed by Plane To San Diego; His Mother is Better

Having made a speedy trip from here to San Diego and back in 12 days, Clarence Martin of Massett arrived in the city on the Catala last evening from the south and is now awaiting transportation to his home on the Queen Charlotte Islands by gasboat. He left here on January 16, having been called south on account of the serious illness of his mother, Mrs. James Martin, who has been in California for some time on account of her health. From Seattle Mr. Martin Jr. traveled by airplane to San Diego and found on arrival there that his mother was much improved. She will be unable, however, to resume residence in the north this year. Mr. Martin sr., well known Massett pioneer merchant, is in San Diego with her.

Vital Vitamins

The vitamin content of milk very largely determines its food value. That is why vacuum packing is such a long stride ahead—such an important improvement. The old canning methods, still in general use, lose a large percentage of the vital elements. Vacuum packing retains them. We might add that Pacific is the only vacuum packed milk in Canada.

Quick relief for acid stomach

Acid indigestion indicates too much acid in the stomach.... The resultant misery will vanish speedily if you take a little Bisurated Magnesia (Bismuth in Magnesia) after eating, to improve the over-acid condition of the stomach.... This is better than relying on habit-forming Laxatives.... At all Drug Stores—in powder form, or in tablets for handy carrying.
