YOU NEED THIS 'Blood-Tested' PREPARATION

If you are tired, run-down, and lacking in energy and strength, you'll be interested in this report by a reputable physician. It concerns a woman patient, blood tests, and the remarkable results that followed a treatment of Dr. Williams' Pink Pills. The first blood test showed a low haemoglobin content and a still lower count of red corpuscles. In other words, there was not enough vitalizing oxygen being carried from this woman's lungs throughout her blood stream and not enough nutriment being conveyed from her digestive organs to maintain normal health by rebuilding the body cells and tissues and clearing the system of poisons. She was anemic. The physician prescribed Dr. Williams' Pink Pills as a safe and efficient means of improving his patient's blood-stream. The first month showed a substantial increase in haemoglobin and red corpuscles, and the woman had better color and felt better. In two more months her blood condition was very close to normal, and she was feeling peppier, stronger and happier every day. The physician described her improvement as "nothing short of remarkable." Authentic records are on file. Dr. Williams' Pink Pills will do as much for you. Why not start now to take this "blood-tested" remedy for under-par people—whether children, young women or adults. Your druggist can supply you—50c.
