From the Waterfront

Having come off the pontoons last Saturday after having been out of the water for about three weeks, C. N. R. steamer Prince Charles is now tied up alongside the pier at the local dry dock where the job of giving the vessel a general overhaul is being completed. The Prince Charles is expected to go on the run between here and Vancouver via the Queen Charlotte Islands next week, replacing the steamer Prince John which is to have overhaul and repairs carried out after two years of steady service with practically no interruption.

Delayed by having had extra freights to discharge at northern points, Union steamer Catala, Capt. A. E. Dickson, returned here last evening at 5:15 from Anox, Stewart and other northern points and sailed about an hour later for Vancouver and waypoints.

Halibut prices continue steady here with such variation as there may be on the weak side. Taking the season as a whole, however, seldom, if ever, before have prices been known to have been so consistently steady. American boats with 26,500 pounds in all yesterday received 7c and 5c and 8c and 5c and Canadian boats 5.2c and 5c for 17,500 pounds.

On account of the resumption of the tie-up of shipping from Seattle to Alaska in connection with the longshoremen's strike, C. P. R. steamer Princess Adelaide, Capt. S. K. Gray, will make another special voyage from here to Ketchikan at the end of this week. Due Friday afternoon from Vancouver, the Princess Adelaide will sail after discharging freight for the "First City" and is due back here at 7 o'clock Saturday morning, sailing about an hour later on her return south.

Frank Bray came north from Vancouver on the Prince George today to take over his duties as chief steward on the steamer Prince Charles which is to be recommissioned next week in service to the Queen Charlotte Islands. He brought north a number of men with him.

Taking over John Dybhavn, who will spend the season at the cannery at Old Massett, the Massett Cannery tender Jedway, Capt. Johnny Hartlin, sailed yesterday morning for the Queen Charlotte Islands. Mr. Dybhavn was accompanied by his son, George. Mrs. Dybhavn and daughter will be leaving later for Massett to spend the summer.

A charge against John Haakti of trading in furs without a licence was up in police court on Monday. Mair is being presented twice being adjourned for eight days.

BANISH COMMON CONSTIPATION WITH DELICIOUS CEREAL

Kellogg's ALL-BRAN Brings Relief

Look out for headaches, loss of appetite and energy, sallow complexions, sleeplessness. Frequently, these are warning signs of common constipation. If neglected, your health may be impaired.

Today, you can rid yourself of common constipation by eating a tempting cereal. Laboratory tests show that Kellogg's ALL-BRAN furnishes "bulk" and vitamin B to aid regular habits. ALL-BRAN is also rich in iron for the blood.

The "bulk" in ALL-BRAN is much like that found in leafy vegetables. Within the body, it forms a soft mass. Gently, this clears out the intestinal wastes. How much better this is than taking patent medicines!

Two tablespoonfuls of ALL-BRAN daily will usually overcome most types of common constipation. Chronic cases, with each meal. If seriously ill, see your doctor. ALL-BRAN makes no claim to be a "cure-all."

Serve ALL-BRAN as a cereal, or use in cooking. At all grocers. In the red-and-green package. Made by Kellogg in London, Ontario.

NEW YORK, June 26.—Ed. E. ("Daddy") Browning, principal in the "Peaches" Browning episode, is reported to be dying in hospital here of a cerebral hemorrhage.

Mrs. H. Leaper, who has been on a trip to Vancouver, returned to the city from the south on the ss. Prince George this morning.

Prescribes Trip To Honolulu As Valuable Tonic

To any person who is suffering from bodily illness, weariness of heart or such complaints a trip to the colorful and sunny islands of Hawaii was recommended by G. P. Tinker in an interesting informal talk before the Prince Rupert Gyro Club at its luncheon yesterday. The delights of the place are such as to make adequate description impossible, said Mr. Tinker. One has to experience them personally in order to really appreciate them. Mr. Tinker told the Gyros some of his experiences and impressions as a result of a recent visit to Honolulu and, after he had concluded, was accorded a vote of thanks by Past President William Cruickshank who was in the chair.

A. W. Dawe, New Westminster shipbuilder and illustrious potentate of Gizeh Temple (Victoria) of the Ancient and Arabic Order of the Mystic Shrine, arrived in the city on last night's train after attending an Imperial Shrine ceremonial in Minneapolis and will sail Saturday evening on the ss. Prince Rupert for the south. Tomorrow night he will pay a visit to the local Shrine Club. Mr. Dawe is accompanied by his wife.

STORY IS DRAMATIC

"Men in White" Poses Question: Does a Doctor Have Time For Romance?

"Men in White," which opens tonight at the Capitol Theatre, brings not only a romantic new emotional team to the screen but also a most dramatic story.

The dramatic background of the story is a modern hospital. An actual operation scene is pictured in detail.

Clark Gable and Myrna Loy are teamed in the leading roles. He is a doctor, in love with his profession, but also in love with an heiress—an heiress who can't understand the inhuman demands of his profession. This leads to a momentary breach and he enters into a liaison with the nurse, Barbara, the role enacted by Elizabeth Allan, who undergoes an illegal operation at the hands of a "quack" doctor. The result of this is peritonitis and death.

The play ends on a high note of hope and expectation, the characters having been deeply affected by the ordeal of their lives.

As an added attraction on the same program a three-act dance revue featuring acrobatic ballet and tap dancing numbers by Misses Joyce Gawthorne, Joyce Moran, Betty Brown, Clara Dahl and Eileen Mair is being presented twice nightly.
