International Fisheries Commission Scientific Boat Calls—Prince Rupert Overhaul Job Starting Soon—Harry Scott in Town.

Under charter to the International Fisheries Commission for scientific research work on the banks during the close season, the Seattle halibut schooner Paragon, belonging to Nesland and Jacobson, arrived at Prince Rupert on Christmas Eve from the west coast of Queen Charlotte Islands where she had been engaged in collecting halibut eggs. It was the first trip out for the Paragon since she was recently chartered by the commission. After taking on supplies, she left last night for Cape St. James waters to continue her work. Richard Van Cleve, who has been in charge of the scientific party on the Paragon left the vessel at Prince Rupert and will return to Seattle on the Prince George tonight, John L. Kask having come north yesterday from Seattle to join the vessel and take charge in place of Mr. Van Cleve. Other members of the scientific party on the Paragon are W. E. Hamilton, Allan DeLacy and Olof Erickson.

Large Crowd At Xmas Tree Of Moose Lodges

There were 200 children in attendance at the annual Christmas Tree Sunday afternoon of the Moose Lodge and Moose Ladies, the affair being one of much jollity and interest for all. After selections had been played by Mrs. J. S. Black's Orchestra, Santa Claus arrived on the scene and distributed toys, candy and fruit to all the kiddies. Richard Long was chairman of the Christmas Tree committee which also consisted of Mrs. Ole Stegavik, Mrs. Richard Giske, Mrs. V. Grims-son, Mrs. Richard Long, Mrs. D. C. Schubert, Buster Russell, Ted Rorvik, James Taylor and Gullis Royer. W. B. McCallum spoke briefly. G. P. Connelly acted as Santa Claus.

Mrs. H. B. Rochester and daughter, Janet, left on Monday evening's train for Port Essington to spend Christmas with Mrs. Rochester's mother, Mrs. James E. Brown.

Unemployed War Veterans Given Christmas Party

Some thirty unemployed ex-service men were the guests of the local branch of the Canadian Legion at an enjoyable Christmas dinner in the Knox Hotel. President Jack Preece was in the chair and he extended to all present the compliments of the season and best wishes for a merry Christmas. Charles Chapman moved a vote of thanks to Mr. Preece and the Legion. Fred Murphy, Russell Barr and George Murray also spoke briefly but appropriately.

Overhaul, the Prince Rupert will be recommissioned in service between here and Vancouver and the Prince George will be taken off the run for her overhaul at the yard here. The change of steamers will take place about the end of February.

With a light list of passengers, C. N. R. steamer Prince George, Capt. H. E. Nedden, arrived in port at 10:30 yesterday morning from Vancouver, Powell River and Ocean Falls and sailed at 4 p.m. for Anyox and Stewart whence she will return here this evening southbound.

Chief Engineer W. E. Baillie is making his last trip aboard the steamer Prince George this week before leaving the ship at Vancouver for a couple of weeks' holidays before coming north to superintend annual overhaul of his regular ship, the Prince Rupert, at the local dry dock. Chief Engineer Alec Monroe, who has been on the Prince John recently, will be back again on the Prince George next week.

Harry Scott, well known Grenville Channel hand logger, is in port with his power boat Lila to spend the Christmas holiday season. He arrived last Thursday afternoon and will be here for a week or so. It is Harry's first visit in town since the "sea serpent" was found and, naturally, he is much interested in it. About all he can suggest so far is the illuminating comment that it must have been a baby because it had no teeth. Attention, all you scientists!

Many Entertained Christmas Dinner

One Hundred and Fifty Persons Guests of Mah Bon Quen at King Tai's Restaurant

One hundred and fifty guests were entertained at Christmas dinner at King Tai's restaurant, the host for the occasion being Mah Bon Quen of the Sunrise Grocery. The cooks, Sam and Lem, had been busy for the past two weeks in preparing for the event to which all present did full justice. There was splendid seasonal fare. In the evening a children's party was held with about fifty youngsters present.

Hospital Has Its Christmas

Winter Season Duly Celebrated at Institution For Patients and Nurses

As usual, the Christmas season was observed in a festive manner at the Prince Rupert General Hospital. On Christmas Eve the members of the nursing staff had a Christmas Tree in the Nurses' Home when many gifts were distributed. On Christmas Day there were Christmas trees in the wards.

Northland Transportation Co.'s motorship Northland, Capt. Len Williams, arrived in port at 7 o'clock last evening from Ketchikan and, after discharging three carloads of frozen fish for trans-shipment east over the Canadian National Railways, sailed at 10 p.m. in continuation of a regular voyage to Seattle.

This is truly a seaport city. There were some splendid navigators observed on the streets Christmas Eve. Although with cargo shifting occasionally, they were steering a pretty good course.

Purser Norman McLean of the steamer Prince George is taking the present week off at his home in Vancouver. Assistant Purser Arnold Evans, is in charge of the office of the steamer on the present voyage now.

Armour Salvage Co.'s power tug Salvage Princess, with Capt. Reg Green in command, is due back any time now following a trip to Stewart whence she delivered a scowload of four hundred tons of ore from the Dunwell mine for the Granby smelter at Anyox.

The Alaskan cannery tender Slavin, which was wrecked last fall in Grenville Channel, later being taken over by the Armour Salvage Co., has now been converted to Canadian registry and is being renamed the Daly after W. H. Daly of Drumheller, Alta., father of Mrs. Armour. Mr. Daly arrived on Saturday night's train from Alberta to spend the winter here and in the course of the next few days will duly christen the vessel which has been named in his honor.

John Dybhavn, member of the Biological Board of Canada, and Dr. Neal Carter, director of the Prince Rupert Fisheries Experimental Station, left on Wednesday evening's train for Ottawa to attend the annual meeting of the Biological Board of Canada. Mr. Dybhavn will also visit other eastern centres on private business.

Annual overhaul of the Canadian National steamer Prince Rupert, which has been tied up for the winter at the local dry dock, will commence in about two weeks, the work occupying some six or seven weeks' time. On completion of the
