#### DON'T BE CONFUSED · BY MISLEADING CLAIMS

Be Sure You Get Genuine Kellogg's ALL-BRAN

Bran has proved so successful in relieving common constipation that some cereal manufacturers, with products having only a fractional quantity of bran, have claimed that this minimum bran content is sufficient to get results.

You may have tried some of these part-bran products-and have been disappointed! The simple truth is that they do not furnish the amount of bran you need.

It's the "bulk" or fiber in bran that helps correct common constipation. This "bulk" is similar to that in leafy vegetables. Within the body, it absorbs moisture and forms a soft mass, which gently clears out the intestinal wastes. Kellogg's ALL-BRAN provides

"bulk" in convenient and concentrated form. It also furnishes vitamin B, as well as iron for the blood. It has won millions of friends because it overcomes common constipation safely and pleasantly.

It is all bran just as the name implies - with nothing added except the flavoring of Malt, Sugar

When you buy a bran cereal for the relief of constipation, read the wording on the package. The facts are there! Make sure by getting Kellogg's ALL-BRAN - in the redand-green package. Sold by all grocers. Made by Kellogg in London, Ontario, Canada.
