VICTORIA SAWMILL DESTROYED BY FIRE FRIDAY NIGHT

Unruly Brantford Mob Gives Ontario Prime Minister Rough Time

Huge Crowd Blocks Mr. Henry's Way and He is Forced to Leave Theatre by Back Entrance—Was Accorded Ovation by Large Gathering of Supporters

BRANTFORD, Ont., June 16: (CP)—Premier George S. Henry was spattered with tomatoes when he arrived here for a political meeting last night. An unruly crowd gathered around the Premier's party as he appeared at a theatre. The mob tossed tomatoes as Mr. Henry stepped from his car and his coat was soiled around the collar as he entered the building.

When the Premier attempted to leave the building after his address a huge crowd blocked the way and he was taken out a rear door and driven away in a friend's car. The Premier's chauffeur had arrived with a police escort and the crowd pelted the driver and car with tomatoes and eggs. The Premier's car was driven to the police station as Mr. Henry left the rear entrance in another machine. A huge crowd of followers gave Mr. Henry an ovation.

LADY GIVES C. C. F. TALK

Mrs. R. F. Steeves of Vancouver Gives Pleasing Address Before Large Audience in Moose Hall

Pastor Presides

Capitalistic System Should be Replaced by Socialization of Production, Distribution and Exchange

An exponent of Co-operative Commonwealth Federation doctrine with charming personality and firm conviction addressed a large Prince Rupert audience at the Moose Hall last night in the person of Mrs. R. P. Steeves, wife of a well known Vancouver public school principal and a defeated C. C. F. candidate in one of the ridings of the southern city in the recent provincial election. Mrs. Steeves advanced the claims of the C. C. F. creed as being the salvation of the country from the present economic crisis. Declaring that the capitalistic system was tottering to its fall and, at best, could only be temporarily patched up, Mrs. Steeves advocated the socialization of the machinery of production, distribution and exchange, at the same time encouraging personal initiative and expression in the interests of the common weal rather than from the incentive of profit in a monetary sense. She was a pleasant and lucid speaker and was accorded an attentive hearing by an audience which was appreciative of her talents as a platform speaker. Mrs. Steeves proved herself especially competent during a question period which followed her address.

The chairman of the meeting was Rev. C. D. Clarke, pastor of First United Church, whose first appearance it was on a political platform here although his name has been frequently mentioned of late in connection with political affairs locally. In brief opening remarks, Mr. Clarke said that he supposed he would draw criticism by his action in accepting the chairmanship of the meeting. He considered, however, that a minister had the right just as much as any other person to function as a citizen in public affairs if he saw fit to do so. He referred to many instances today where ministers were active in political life as candidates for all political parties. Mr. Clarke announced that he was a supporter of the C. C. F. movement as being "the nearest attempt to follow the teaching of Jesus in regard to business."
