KETCHIKAN FISH PLANT DESTROYED TENSION IN SAN FRANCISCO REGION SOMEWHAT EASIER

Reduction Factory At "First City" is Wiped Out by \$30,000 Fire

Salmoil Corporation Suffers Heavy Loss as Result of Disastrous Conflagration on Sunday—Barge of Oil Saved

KETCHIKAN, July 17: (CP)—Fire on Sunday razed the Salmoil Corporation's reduction plant at Ward's Cove near here, damage being estimated at from \$25,000 to \$30,000. A barge containing one thousand barrels of salmon oil was saved. The fire occurred on the anniversary to the day of a previous fire which wiped out a similar plant on the same site some years ago.

VIEW OF PREMIER

Province Cannot Operate With Reduced Federal Contribution on Relief, Says Pattullo

Going to Ottawa

Will Take up Better Terms and Pacific Great Eastern Matter Same Time

VICTORIA, July 17: (CP)—"It simply can't be done," said Premier Pattullo commenting on the announcement that Dominion contribution to direct relief would be reduced to twenty-five percent for the period July 15 to August 15.

The Premier, on receiving this notification and also an invitation to attend a Dominion-provincial conference on July 30, wired: "So far as British Columbia is concerned, it will be necessary for the Dominion government to make a larger contribution than suggested in your message for a considerably longer period. However, that can be discussed further on July 30."

The Dominion has so far been bearing one-third of relief costs. Federal relief contributions to the provinces were to have ceased on July 15 but Ottawa has announced they will continue until August 15 on the twenty-five percent basis.

Other Matters Too Also on July 30 British Columbia, it is expected, will present its plea for better terms under the Confederation pact. At the same time the Dominion will again be asked to take over the Pacific Great Eastern Railway.

Premier Pattullo and Attorney General Gordon Sloan will be going to Ottawa, it is expected.

Flying Boat On Steamer Bound For Vancouver

An Eastman flying boat, one of a fleet of five aircraft, which went into the Atlin district from Detroit a couple of years ago, was being taken south from Ketchikan to Vancouver on the deck of the steamer Prince George yesterday. While being flown south from Atlin, the machine was disabled in a forced landing near Ketchikan last week. The wings were detached and the machine shipped south. The pilot was here last Saturday afternoon on the Princess Charlotte on his way to Vancouver.

Fall Session of Parliament Is Likely to Ratify Possible Treaty With United States, Says Hanson

A fall session for the purpose of ratifying a proposed reciprocity treaty with the United States and to receive and act on a report to be made by the Stevens Commission on price spreads is quite possible, according to Olof Hanson, federal member for this district, who arrived in the city yesterday for the first time since going to Ottawa early in the year. The members were excused until August 18 but it is not likely they will be called together again that soon. If there is a fall session it will likely be a part of the next regular session with an adjournment for Christmas holidays and it is also probable it will be the final session of the present Parliament with an election next year.

Before an election can be held the new permanent voters' lists will be prepared by two permanent officials, one representing the government and the other the largest party opposed to the government in any constituency. Mr. Hanson is hopeful for the proposed reciprocity treaty, which it is said would allow for the free entry into either country of lumber, fish and cattle. He thinks it would be beneficial to both countries and especially to this section of British Columbia.

Mr. Hanson is returning tomorrow to Smithers in order to attend the old timers' picnic in the Round Lake district.

CLASSIFY WORKLESS

Further Details of Provincial Government Plan For Dealing With Situation

VICTORIA, July 17: (CP)—Registration of British Columbia's unemployed will start July 25. Premier T. D. Pattullo announced yesterday.

VICTORIA, July 17: (CP)—Another feature of the new unemployed re-registration plan which the provincial government is contemplating putting into effect in the near future will be the classification of all unemployed according to the positions they are able to fill. This will be the foundation for an employment stimulating policy fostered by a contact man working through the relief department and surveying opportunities for jobs in the various industries. The minister of labor, Hon. G. S. Pearson, is satisfied that the province can never solve its unemployment problem until it tackles the transient question seriously and reaches a different understanding with the Dominion.

OUTLOOK IMPROVED

Old Forest Products Stocks Being Cleaned Up and Future Looks Better

One Hundred Thousand Workers Now Striking; Food and Cars Move

Union Ferry and Harbor Railway Employees Join Walk-out—National Guards Hold Strategic Points With Walls of Steel

SAN FRANCISCO, July 17: (CP)—While the tension was somewhat easier this morning, the general strike still clutched the trans-bay district with National Guards holding strategic points with walls of steel. Forty thousand union ferry and harbor railway workers joined the walk-out, swelling the number of strikers to more than one hundred thousand. Under convoy of troops, trucks began hauling food supplies into San Francisco and Oakland. In San Francisco municipal street cars resumed service without any serious disorder.

STRIKE IS SPREADING

General Walk-Out in Oakland Becomes Effective Today

KETCHIKAN ACTION KETCHIKAN, July 17: (CP)—Apparently fearful of another tie-up of Alaska shipping if they worked cargo on ships labelled "unfair" by United States strikers, Ketchikan longshoremen yesterday refused to work on the Standard Oil tanker Alaska Standard loading oil for southeastern Alaska canneries.

SAN FRANCISCO, July 17: (CP)—The general strike of all union workers extended to Oakland today when a general walk-out there went into effect.

The general strike in San Francisco, which started yesterday following the casting of the general strike vote late Saturday by the labor committee representing all unions, entered its second day today with little sign of an immediate settlement.

Irregularity In New York Mart

Renewed Selling in Rail Issues—Some Specialties in Demand

NEW YORK, July 17:—Renewed selling of rail issues turned Saturday's trading session on the New York Stock Exchange into an irregular affair. Sugar stocks were in demand and some specialties showed strength.

Rise of wheat to the \$1 a bushel mark for the first time in several months and a campaign for a freight rate boost caused stock prices to rally somewhat over the week-end after having been dull for some time.

FLYERS ON WAY AGAIN

Fairbanks Plane Resumes Trip to Kansas City After Forced Landing at Atiyansh

ATYANSH, July 17:—The Gillman Airways of Alaska airplane, which was forced down here last Thursday night on account of rain and fog, has resumed its interrupted flight from Fairbanks to Kansas City following the making of repairs to minor damage which the machine sustained in its emergency descent.

Aboard the plane which was piloted by Howard Gillman were Mr. and Mrs. Charles Fowler of Fairbanks and T. M. Donohoe of Cordova bound for an Eiks' convention in Kansas City.

The landing was made on a gravel bar in the river one mile below the telegraph office. Pilot Gillman showing considerable skill and resourcefulness in bringing the ship down under difficult conditions. A punctured tire on one of the landing wheels was the extent of the damage.

After loading gas and patching the tire, the plane left in continuation of its flight.

Pilot Jack McConnachie of Anoyox was communicated with by telephone and stood by ready to rush in repair parts if necessary.
