GROWING STRAWBERRIES

A number of Prince Rupert people have been growing strawberries for years with considerable success. They have proved that the fruit can be raised and well ripened in this climate although the flavor may not always be exactly as fine as that of the Vancouver Island berries. They are better than most of the imported berries which have to be picked green in order to stand carrying. While we do not recommend strawberry growing as a local industry, those who like to grow their own in their gardens can do so and get pretty good results. Raspberries are more suited to the local climate as they almost always give a good crop.

ALWAYS LOOKING FORWARD

Prince Rupert people are always looking forward and expecting things to be better but so far they have been rather disappointed. They have seen so many things happen and have congratulated themselves that now they would be well away but there was no improvement. Now we seem to have hit bottom and are on the mend. We are looking forward to a good fall business and there is a possibility of a pulp mill being built here soon. The Hudson Bay Company has felt it worth while opening a store in the city and a new cold storage plant here is about ready to open. These are just straws which indicate that the winds are favorable and there are possibilities for the future. Prince Rupert is bound to be an important port some day and the time may come sooner than we think.

A PRODUCING AREA

For years Portland Canal area has been on the map as a producer of mineral. The Hidden Creek mine at Anyox has kept a smelter going for a number of years. The Premier has been operating steadily making money for its owners. The Prosperity mine on the Marmot River is ready to operate just as soon as the price of silver warrants it. The United Empire at Stewart will be shipping ore just as soon as the tramway is completed this summer. The Dunwell is mining and milling ore. Other properties have been partially developed and work is proceeding on a number of them now. The B. C. Silver will be operated as soon as arrangements are made for working it by the Premier Company. Portland Canal area is just beginning to develop.

SATIN-GLO

SATIN FINISH — VARNISH — ENAMEL

PROSPECTORS ARE HELPED

Provincial Government Has Grubstaked Ninety-Four Men Already For Trips Into Hills

VICTORIA, June 29 (Canadian Press) — Ninety-four prospectors have been grubstaked by the provincial government under the policy of sending unemployed of suitable type into the hills and streams of the province.

OFF COLOUR? HOW IS YOUR LIVER?

Wake up your Liver Bile —Without Calomel

Your liver's a very small organ, but it constantly can put your digestive and eliminative organs out of kilter, by refusing to pour out its daily two pounds of liquid bile into your bowels.

Yet, you'll completely correct such a condition by taking salts, oil, mineral water, laxative candy or chewing gum, or roughage. When they've moved your bowels they're through—and you need a liver stimulant.

Carter's Little Liver Pills will soon bring back the sunshine into your life. They're purely vegetable. Safe. Sure. Ask for them by name. Refuse substitutes. 25c at all druggists. 48

COFFEE De Luxe

Served at All Times of Day or Night

PASSING OF MRS. BRAND

Succumbed Last Night After Illness Of Over Year—Had Lived Here Eight Years

After an illness of over a year, Mrs. Lulu Etta Brand, wife of William Brand, passed away at 8:30 last evening at her home on Strand Avenue. She had been a resident of Prince Rupert for eight years and her passing will be regretted by many friends. She was 56 years of age and a native of Pennsylvania. For over twenty years she had resided in Canada, having come here from Woodstock. Besides her widower, she is survived by seven children—five by a former marriage, all of whom live in Oregon or Washington and two daughters here, Mrs. Thomas (Jessie) Hurvey and Miss Minerva Brand. There are also two brothers.

Funeral arrangements are in the hands of the B. C. Undertakers. Interment will take place Monday afternoon.

ROSE SHOW ON JULY 20

(Continued from page one)

variety only.

7—Best display of flowers, variety to be chief feature.

8—Best pot plant.

9—Best bowl of pansies.

No entry charge will be made to exhibitors.

The appointment of judges was left with the president, E. F. Pullen, and secretary. C. V. Betts. T. Silversides agreed to donate window advertising for the exhibition room window.

At the meeting the hope was expressed that some person would offer a challenge cup for competition among rose growers at shows sponsored by the society. It was also suggested that possibly some local people might like to donate special prizes for those exhibiting in any of the classes or for flowers not included in those classes. Exhibits of any kind will be welcomed and if found of sufficient merit classes may be made for them at the time of the show.

Mrs. W. J. Asselstine and family, who have been spending some time in Victoria, are passengers on board the Prince Rupert today returning to their home at Premier.
