

A Special Nurses' Watch

We have just imported these watches for nurses. All the steel parts are made of stainless steel so that water will not rust them in case they get wet. They have a seconds hand for counting the pulse and the movement will run forty hours, so that if winding is forgotten for a few hours, the watch will still be running. Prices from \$18 to \$25.00.

THE PIONEER LAUNDRY KIDS

WE DO HIS COLLARS UP SO FINE HE'S SURE TO SAY "THEIR WORK FOR MINE"

SHE first told him about this laundry. She told him that she did up her shirtwaist and her other silk things in a delightful manner. Then he sent us a trial order of a dozen collars. He and she agree that this is some laundry.

CONSULT US

about Your Eyes

DO not hesitate to consult us about your eyes. Our experience will be of real value to you. Not a day passes that we do not hear gratifying reports from those we have fitted with glasses. We request your patronage with confidence secure in the belief that nowhere will you obtain better service or more conscientious treatment. IF you require glasses a thorough scientific examination will reveal the fact. If you do not require them, we will candidly tell you so.

EDMONTON HAS TAX PROBLEM

CITY WILL ASK GOVERNMENT FOR A PORTION OF GASOLINE TAX

EDMONTON, March 22.—A tax of 46 mills. That is the goal which city commissioners are striving to reach. But the problem facing them is one that calls for a financial wizard. How the commissioners are going to reconcile increased demands from the School Board, labor unions, and Library Board with the citizens' ultimatum given last December that the tax rate must be reduced, is causing considerable speculation in civic circles. The 1926 mill rate was 44.35, made up of 21 mills for public and separate schools; 18.30 for debentures, interest and redemption; 4.35 for general municipal purposes, and 70 mills for the library. The school board estimates approved Thursday night call for \$1,142,000, which means an increase of one mill; the library board requests \$43,500, or an increase of \$3,500 over last year, while wage increases, will aggregate approximately \$35,000. One of the outstanding items of concern, so far as the commissioners are concerned, is the growing requirements which the city is called upon to bear under the Provincial Widowed Mothers' Allowance, Indigent T.B. patients, and mentally defective children.

GASOLINE TAX
Some relief may be obtained, city officials hope, through the appeal of Mayor Bury, acting in conjunction with the mayors of Calgary, Lethbridge and Medicine Hat, to the provincial government for a portion of the gasoline tax. Through the policy of economy which has been instituted, the city comptroller estimates that the revenue surplus for 1926 will be approximately \$45,000, though a definite figure will be obtainable only when all departmental accounts have been approved.

IN THE SUPREME COURT OF BRITISH COLUMBIA.

Re PRINCE RUPERT HYDRO-ELECTRIC COMPANY LIMITED

SALE BY ORDER OF THE COURT
TAKE NOTICE that pursuant to the order of Mr. Justice D. A. McDonald dated the 18th day of February, 1927, in a bondholders' action instituted in the Supreme Court of British Columbia between The Royal Trust Company and Prince Rupert Hydro-Electric Company Limited and others, being R.1602/1916, brought to enforce the trusts of an indenture dated the 30th day of June, 1921, tenders are invited by George Edward Winter the Receiver appointed by an order of this Court dated the 15th day of September, 1916, and the decree in the said action, the 21st day of November, 1916, for the purchase of all the remaining properties and assets of the said Company. The said properties are described as follows:
1. That certain parcel of land and premises situate in the Province of British Columbia more particularly described as Lot 635, Range 5, Coast District, containing 160 acres more or less.
2. That certain parcel of land and premises situate in the Province of British Columbia more particularly described as Lot 1386, Range 5, Coast District, containing 37 81/100 acres more or less, excepting thereout a strip of land one chain in width measured from highway mark.
3. That certain parcel of land and premises situate in the Coast District Province of British Columbia, and more particularly described as Lot 695, Range 5, containing 32 50/100 acres more or less.
4. Maps dealing with surveys of drainage areas rainfall and runoff data, designs of dams, power plants, transmission lines and receiving station for Falls and Khadad Rivers development, and plans of works.
The Receiver is informed that the above lands parcels 1, 2 and 3 were selected by the engineering of the Prince Rupert Hydro-Electric Company Limited as being suitable sites for the construction of water power plants.
Tenders may be made for all the said parcels together or for one or more separately.
Particulars and conditions of sale may be had upon application at the office of Messrs. Riddell, Street, Hodges & Winter, Bank of Nova Scotia Building, Vancouver, or at the office of the undersigned.
DATED the 2nd day of March, 1927.

MAKES PLEA FOR OLD DIME NOVEL

Stephen Leacock Does Not Know Why They're Bad for Children

MONTREAL, March 22.—A plea for the old "dime novel" was made by Prof. Stephen Leacock, Canadian humorist. In the course of an address he delivered here on what children should read. Prof. Leacock explained that he did not know why the world decided the old-fashioned "dime novel" was bad for children. The scene was in the Rocky Mountains somewhere, he explained, in characterizing that particular type of literary production, and it opened with "Bang, bang, bang!" That "bang, bang, bang" was the very music that children of a certain age want to hear, he continued, and ventured his opinion that besides moving pictures "dime novel" was beautifully wholesome. Virtue was always rewarded, he said, and the most absolute modesty surrounded the heroine. She moved among the smoke of the revolvers and no man laid a hand on her.
Censorship of plays and moving pictures was "tommyrot," Prof. Leacock contended. The only way to censor a movie or theatre was to get up and leave.

Commencing at a post planted at the southwest corner of Section 36, Township 3, Graham Island, and marked "A.J.G.'s southwest corner"; thence east 80 chains; thence north 80 chains; thence west 80 chains; thence south 80 chains to point of commencement, being Section 36, Township 3, Graham Island, B.C.
A. J. GORDON,
Locator.
DATED December 17, 1926.

OPPOSITION TO BEAUTY CONTEST

ANGELICAN W.A. BASES PROTEST ON GROUND OF LOWERING STANDARDS OF FITNESS

TORONTO, March 22.—(Canadian Press Despatch).—The protest against beauty contests made by the women's auxiliary to the missionary society of the Church of England in Canada, Toronto, is based on six points, which are:
(1) We think that these contests create a false standard, because they emphasize the purely physical side without regard to the fact that beauty is a balance of bodily, mental and spiritual qualities, the mental and spiritual being at least equally important with the physical. (2) They do not appeal to men and women of the high type, and tend to foster in those who take part levity of outlook which must make it very difficult for them to settle down in realities of life, whether of home life or business. (3) They cultivate a taste for expensive, extravagant clothes, and aids to beauty; a taste which grows very rapidly by what it feeds on. (4) They increase the unfortunate tendency of the present day for women and girls to expose their persons too freely and carelessly; in this way they blunt the sense of modesty. (5) They possess nothing of the appeal of skill and courage which belongs to athletic contests and which redeems them from being merely physical exhibitions. (6) The winners of such (beauty) contests obtain a dangerous popularity and are subjected to a commercial exploitation that cannot be other than unwholesome.
"We therefore think they lower the standards of fitness which should obtain among women and men alike."

OLD MASSEY HOME IN TORONTO GIVEN TO UNIVERSITY

TORONTO, March 22.—(Canadian Press).—The old Massey residence at the corner of Wellesley and Jarvis Streets is to be turned over to Victoria University by the trustee of the estate of the late Lillian Frances Massey Treble, by order of Justice Middleton. In the will of the testator, who died 10 years ago, Euclid Hall, the old Massey residence was devised to such corporation organized in connection with the Methodist Church of Canada that would undertake to establish it as an educational institute or for hospital purposes. Since no corporation of the Methodist church came forward and since the United church by special resolution waived all claim to the property, Victoria University as the residuary legatee of the will falls heir to the property, which at present is used as an art gallery.

Vapors Check a Cold Overnight

There are many ways to treat a cold but only one DIRECT way—with vapors that can be inhaled. Vapors penetrate immediately into every corner of the air passages and lungs, soothing and healing with every breath. Vicks is so remarkably successful in treating cold troubles because it acts like a "vapor lamp in salve form." When rubbed over throat and chest the body heat releases vapors of Menthol, Camphor, Eucalyptus, Thyme and Turpentine. At the same time Vicks is absorbed through and stimulates the skin like a poultice or plaster. This double, direct action often checks the worst cold overnight.

The Well-Managed Home

THE manager of a household is the purchasing agent for a large proportion of the family needs. In order to do a good job she must know what, when and where to buy. She must study goods and the concerns which make goods and have them to sell. She must put her home on a business basis and run it on business principles in order to make the most of the family income.

Information is the only basis for intelligent purchasing. And the right way to get the greatest amount of necessary information is to read the advertisements.

Advertisements tell you what is new and good in merchandise. They reveal improvements and inventions to make your home life easier, more comfortable and more convenient. They give you information about a thousand and one things that are useful.

Every manager of a household---every member of the household who shares the responsibility for the family's welfare---should make a habit of reading the ads.

Read the advertisements in order to buy wisely

Ham, picnic, lb.	21c	Celery	20c, 25c and 35c
