Supper

LITTLE children, tired with play and nearly ready for bed, should have light, nourishing, easily digested foods for their evening meal.

Kellogg's Corn Flakes, eaten before bedtime, help children sleep. Scientific tests conducted in a large university have proven this. Children who had Kellogg's for supper slept 30% more soundly than those who ate heavier foods.

Kellogg's restore energy without overloading small stomachs. They're pleasant, appetizing. Children love their crispness and delicious flavor.

All grocers sell Kellogg's Corn Flakes. Ready to serve from the WAXTITE bag inside the red-and-green package. Economical. Made by Kellogg in London, Ontario.
