A collection was taken up for the fund which is being raised to finance the appeal of these miners.

Mr. Evans gave a detailed account of events leading up to his arrest and trial. He charged that the jury had been "framed" by the "Fascist gang," referring to the employers and police. He admitted that he was a member of the Communist Party of Canada but claimed that, in connection with his activities at Princeton, he had been actuated merely by the desire to assist the working class in its fight against oppression. He declared that there were thousands in jails today who would not; 67c COAL! Non-contributory unemployment insurance was advocated by the speaker.

Last Night's Meeting

Mr. Evans addressed another audience in the Rupert East United Church last night on the subject of the Noranda strike in Quebec and the two-year sentences with deportation meted out to eighteen foreign-born miners and the necessity of appealing their cases.
