FIRST TO PROVIDE IR-RADIATED EVAPORATED MILK IN CANADA—SOLD IN BRITISH COLUMBIA SINCE JANUARY.

TOW the famous Carnation quality has the added value of irradiation to give it extra "sunshine" vitamin D. Now a better milk for baby's bottle, for boys and girls to drink, for creaming coffee and cereals, for cooking. It is the milk the Dionne quintuplets get. They have been fed Carnation Milk since November, 1934. Ask your grocer for the Improved Carnation Milk. Look for the word "Irradiated" on the label. Write for two valuable free booklets - "100 Glorified Recipes" and "Contented Babies". Address Carnation Company, Limited, Toronto, Ontario.

No Strings To These

EVERY hour, in the Royal City Kitchens a

wonderful, modern grader sorts sufficient

green beans to fill 5,000 cans. By starting with

special seed and harvesting at the exact moment

of maturity, Royal City Beans are stringless!

And then the beans are set revolving in a

great perforated brass drum. The ends drop

naturally through the thousands of holes,

to be quickly and neatly snipped. So

sorting, snipping and washing are accurately

accomplished, leaving the tender, delicately-

flavored, uniformly-sized beans ready for

filling into Royal City cans.

### Headache Eyes

Of course we worry about headaches and how to cure them, but seldom do we remove the cause-eye strain. Nature never intended our eyes to read and sew and do "close" work. No wonder we have premature furrows and wrinkles! But science has come to the rescue of Nature in the eye-sight field. You really do not need to suffer. Why not see about your eyes today?
