WHY THINK OF WAR?

On several occasions we have given the opinion that war in Africa was not by any means a certainty. We are glad to know now that Premier Mussolini has been forced by world pressure to at least hesitate in trying to conquer a minor nation.

If Italy is held back on this occasion, it may be looked upon as a precedent for future disputes and bodes well for a new era in regard to future settlements. It is felt by most nations today that war should be the last resort and that an attempt to arbitrate should always precede armed force.

If there is settlement of this dispute, the League of Nations will get a new lease of life. The League could have done nothing without the force of public opinion which was behind it, but the victory for peace will be just as important for there is always that public opinion to be counted on. In the case of Japan it was not as pronounced for various reasons but even in her case strong feeling was aroused in a number of countries.

It is possible that all the prophecies and predictions of war in which practically the whole world will be involved will have been based upon nothing more than guesswork. Of course there is a grave danger in the face of the dictatorships of Europe and Asia, where war may be sprung for the purpose of averting civil disaster, but the dictatorships cannot last long. The world will become more sane as the period of depression passes. Let us turn our thoughts to peace rather than war. Why release thoughts of conflict and disturbance when we might just as easily send out thought vibrations which would help keep the world calm, happy and peaceful.

Sons of Canada Defeat Elks In Twelve Inning Contest To Take 1935 City Diamond Championship

After lagging from the outset, Elks came up from behind to tie up yesterday afternoon's ball game 14 all at the end of the ninth inning but were unable to follow through and in the twelfth stanza yielded the run which gave the Sons of Canada the Orme Cup, emblematic of city baseball championship. The game was a heavy hitting affair, replete with fielding errors, and, with the Canucks piling up an early and heavy lead, did not inspire much enthusiasm until along towards the sixth frame when the Lodge Men began to swing into action to gradually tie it up.

In the tenth it looked like a certain Elks' victory when Don Arney, first man up, connected with a two bagger and advanced on Howe's single but was out at the home plate on a close decision by Umpire Stan Morin on the throw-in. Even then then there was a good chance with Eddie Smith taking a walk but Comadina fanned at the wrong time and Mitchell was put out.

The Sons won the game in the twelfth after two men had been put down, Herbie Morgan fanning and Jack Campbell being tossed out, pitcher to first. Walter Johnson was hit by a pitched ball and, after some fast base running, was scored by Lambie's two-bagger. Stiles took a walk but the side was down when Lambie was caught between third and home after being forced off third by Stiles. It was all over when Arney fanned, Howe flied out to second and Herbie Morgan made a nice running catch of Eddie Smith's high fly into left field.

Jack Lindsay, although relieved by Sonny Stiles in the ninth, was given credit of being the winning pitcher. Don Arney was relieved on the mound in the eighth by Eddie Smith who gave the best hurling performance of the day with six strike-outs in the five innings, fanning three Canuck batsmen, one-two-three. Incidentally, had Arney been accorded the fielding support that the Elks gave Smith, the outcome might have been different.

Bill Lambie was the heavy hitter of the day, connecting on five of seven occasions. Johnny Comadina led the Elks' batsmen with a single, a triple and a homer. The circuit clout came in the ninth with Eddie Smith on the sacks when George Hill was unable to find the sphere in the right field grass. It was good for a three-bagger anyway.

Minor Simonsen did some nice fielding in the centre garden for the Elks, picking off some tough flies.

A double play was pulled off by the Elks in the eighth when George Howe took Walter Cross' fly at third and Dido Gurvich was caught on the throw to Fong after trying to get to second.

The weather being ideal, there was a good-sized crowd of fans in attendance.

 REGIMENT vs. CANADIAN LEGION

FROM EVERY CORNER OF THE WORLD

to the daily newspaper come flashing the engrossing incidents that are at this very moment making today's history. The whole atmosphere of the daily newspaper is comprehensive action—dealing with things of the moment that have just happened, or are about to happen.

When white paper leaves the printing presses in the daily newspaper office, it is no longer some inert material, but an active powerful force reaching the thousands who thirst for its contents.

Practically every Canadian family reads a daily newspaper.

It is an essential part of daily life and without it all would feel a distinct loss—nothing can take its place.

On the newspaper's pages also are advertisements placed there by thoughtful, energetic and far-seeing merchants and producers. The best traders in Canada—the firms which grow in strength and prestige year after year—know that the daily newspaper is as necessary to them as their raw material. When the fight is hardest—they have often proved this—it pays to strengthen their newspaper lists.

Follow their good example!
