## MR. CLEMENTS' REAL TRADE OPINIONS

On sundry telephone poles all over the townsite of Prince Rupert are posters circulated by Mr. Herbert S. Clements of 535 Pender St. West, Vancouver, who is anxious to represent the constituency of Comox-Atlin at Ottawa.

The posters are well worth studying. They contain in addition to a large picture of the gentleman's handsome features, a sort of Shorter Catechism of the political creed of the gentleman from Vancouver.

By Shorter Catechism, we do not mean the political platitudes on the card—"A White Canada—Canada for the Canadians and the Empire—A Square Deal for British Columbia—" Those are merely conventional word-padding. They mean nothing.

The real trade opinions of the Vancouver gentleman are to be seen at the foot of the poster, where in small type is says that the posters were printed in Vancouver at the News-Advertiser office.

Although Mr. Clements of Vancouver is travelling through this great district of Comox-Atlin, telling us all in a superior sort of way that the only way to build up a community is to keep all its trade within its own borders, he has started in by having his printing done in Vancouver.

There are lots of printing establishments in Comox-Atlin. There are five in the city of Prince Rupert alone. But the gentleman who says he believes in the "Canada for the Canadians" philosophy, and in "a square deal for British Columbia," when it comes to spending a few dollars in printing in an effort to become M. P. for Comox-Atlin, sends his orders away from the constituency to Vancouver.

And he has either so little sense of logic, or so poor an opinion of the intelligence of the people of Comox-Atlin, that he advertises the fact on every poster he has sent out.

It is idle for Mr. Clements to prate of protection and loyalty—to tell audiences that he would buy Canadian potatoes at 4c a pound instead of American potatoes at 2c a pound.

The simple fact remains that the only item of expenditure he

could have placed in the constituency of Comox-Atlin he sent out of the constituency to his own city of Vancouver.

On the bottom line of the poster circulated by Mr. Herbert S. Clements of 535 Pender St. West, Vancouver, is a true statement of that gentleman's real trade opinions when it comes to spending his own dollars. Take a good look at it.

## COMMENTS ON THE CAMPAIGN

"I think they've unloaded a dead one onto us," was the remark overheard at a political meeting Wednesday. Guess whose meeting it was, and who the "dead one" is. No prizes offered. The contest is too easy.

At his first meeting in Prince Rupert, Mr. Clements said he was not a "carpet-bagger." Yet his nomination paper describes him as of 535 Pender St. West, Vancouver. This is almost as glaring as his denial of Hansard, or his refusal to fulfil his challenge to retire.

The Mayor's ideas of reciprocity are even more amusing than Mr. Clements'. He started out by handing the ladies of Prince Rupert a raw cut by advising all the men in the audience to go to the United States when they wanted wives. He could see no disloyalty in that. But he thinks it is disloyal to buy bacon at a reduced duty in the United States and thus frustrate the robber captains out of a 2-cent pound levy.

Here is a problem in higher mathematics for the Mayor. If five thousand American wives coming into Prince Rupert cannot affect their husbands' loyalty to the British flag, how many cubic yards of American pork and beans will we have to eat free of duty before we will clamor for annexation.

"According to Premier McBride of British Columbia, President Taft is scheming to annex Canada, because the United States, having wasted its resources, needs to replenish its raw material. If all the material in Canada is as raw as Premier McBride the United States does not want it."—Chicago Daily News.

## MAGAZINES BY FREIGHT

### American Post Office Department Brings Down Rates.

Washington, Sept. 8.—Arrangements have been perfected by the Postoffice Department whereby second-class mail matter, consisting of magazines and periodicals, heretofore transported in railway cars will go by freight.

With the idea of reducing the expense of transporting this, the greater part of second-class mail, Postmaster-General Hitchcock has taken advantage of an old statute permitting the department to send it by freight.

Publishers have assured the Postmaster-General that they generally will be satisfied with the arrangements, and assurances also

have been received from the railroads that the mail can be delivered promptly. The expense of transporting and delivering will be far less than at present.

That Jack Johnson will receive 18,000 pounds for three fights in Australia this winter and that after these engagements he will retire from the ring was the announcement made by Hugh McIntosh, the Australian fight promoter recently. McIntosh, who has signed Johnson for several fights in Australia stated that the world's champion would meet Sam Langford, Sam McVey and Bill Lang this winter.

Vote for reciprocity and show your faith in Canada and what Canada produces.

## ITEMS OF SPORT

The British Columbia Football League will commence earlier this season, but the name of the league will in all probability be changed to the Pacific Coast League. Victoria and Cumberland both intend having a team in the league and they will be represented at the organization meeting which will be held in Vancouver this month. If Victoria and Cumberland are both admitted this will make six teams in the league, two from Vancouver and one each from Nanaimo and Ladysmith. It is proposed to play a double schedule, each team playing twenty games in the season.

Vivia II., the R. C. Y. C. George Cup defender in a fifteen-mile breeze and a big rolling sea from the eastward, beat the challengers, Kathleen of Kingston, and the Watertown of the Crescent Yacht Club, handsomely. Vivia II. won by nearly a mile. Kathleen of Kingston, was second, a quarter of a mile in front of the Yankee creek Watertown. The Canadians thus successfully defended the cup.

With Laurier pitching, Fielding doing the backstopping, Graham holding down first base, Mackenzie King at second, Dr. Beland at short, Sir Frederick Borden on the third bag, Paterson in right field, Lemieux in the left garden, Dr. Pugsley in centre, Murphy on the coaching, and the embattled farmers of the country filling the stands and bleachers and cheering for reciprocity, the Borden-Monk-Bourassa team has a poor chance.

The Chicago Bowling League has abolished the "Dodo" ball. The National Bowling Association, put a ban on the ball last spring. The "Dodo" ball is made by taking two halves of different balls and glueing them together, the heavier half enabling the sphere to take a sweeping hook and cleaning up more pins than an ordinary ball can knock down.

## GOOD PRINTING

Is a Persistent "Influence" Exerted in Your Behalf!

Every bit of printing that goes out to serve you makes "Some Kind of an Impression." Poor printing will leave a poor impression of its user as surely as would poor clothes, or poor store or shop or office. "Good" printing will leave upon every mind an impression wholly favorable of its user. Even if but one in a thousand of these "Impressions" really tips the scales for business, for orders, for you "Good Printing" will have thus paid for itself!
