PROPOSED PULP MILL

The official announcement yesterday that incorporation Dodgers Going Strong in National papers had been granted to The Mutual Pulp & Paper Mills of Prince Rupert Ltd. brings us one step nearer the realization of our hopes in the establishment of a paper mill in the city.

Organization of the company has been carried out bid for the National League sulargely through the effort of F. L. Buckley, who has premacy by more than doubling drawn to the attention of the parties concerned the advan- the count of the New York Giants tageous position of Prince Rupert for such an industry. in a free-hitting game at Ebbetts The plant is to be constructed at Seal Cove on the gite Field yesterday. The Cincinnati

The plant is to be constructed at Seal Cove on the site Reds had an easy slugging victory of the old lumber mill. At that point a dock can be con- over the world champion St. Louis structed which would be available to deep sea shipping and cardinals at cincinnati to move the site is also served by the railway, so that the plant back again into the first division would have land and water transportation.

It is understood that the plans are to construct the first cond division with Pittsburg dropunit of a plant with a capacity output of 150 tons of paper result of a shut-out at the hands daily and 30 tons of sulphite pulp. This is a little better of the cubs at Wrigley Field. than half the size of the Ocean Falls plant which supports In the American League, New a population of two thousand people in addition to the York Yankees eked out a close vicmen working in the woods.

While under company control at Ocean Falls the com- washington Senators, the Senators, munity supported by the mill is only about two thousand, as a result, dropping into the seunder open town conditions such as obtain in Prince Ru- cond division. In the only other pert the population suported by such a mill would be al- same in the junior circuit, the Demost twice that number. So we may take it that when the troit Tigers vanquished the St. mill is established the population of Prince Rupert will in- Louis Browns at St. Louis, the crease by approximately two thousand people. Business the basement along with the idle will improve, not only as a direct result of the mill but as Philadelphia Athletics. a result of the improvement in railway business, from the shipping coming to the port and from the various ramifications of interlocking trade and commerce.

It is very difficult for us to realize just how much benefit we shall receive from the new industry, not only after it is established but also during construction days.

When Mr. Buckley and his friends were in the city recently they intimated that work might start as early as
