THE ENEMY

The Liberal leader who is to become Prime Minister of players. Canada in a few days made a statement on election night as follows: in regard to the enemies of the party. He said: "Poverty and adversity, want and misery, are the enemies which Liberalism will seek to banish from our land. We take up at once, as our supreme task, the endeavor to end poverty in the midst of plenty, starvation and unnecessary suffering in a land of abundance; discontent and distress in a SCHEDULE country more blessed by providence than any other on the face of the globe, and to gain for individual lives and for the nation as a whole that 'health and peace and sweet content' which is the rightful heritage of all."
