Here's the ABC of COLDS-CONTROL

A To Help PREVENT Colds
At the first sneeze or nasal irritation, quick—a few drops of Vicks VapoRub. Its timely use helps to prevent many colds—and to throw off colds in their early stages.

B To Help SHORTEN a Cold
At bedtime, just rub on Vicks VapoRub, the mother's standby in treating colds. All through the night, by stimulation and inhalation, VapoRub fights the cold direct.

C To Build RESISTANCE to Colds: Follow the simple rules of health that are part of Vicks Plan for Better Control of Colds. The Plan has been clinically tested by practicing physicians—and proved in home use by millions. (You'll find full details of this unique Plan in each Vicks package.)
