Determined to End Unemployment by Providing Work For All—Opposed to Dole—Times Better But Serious Problems Still Ahead

OTTAWA, Jan. 3: (CP)—Ringing up the curtain on the 1935 general election campaign, Prime Minister R. B. Bennett last night announced that the government would go to the people on a program of reform which he believed would bring prosperity and security against future depressions. He declared that the time had come for changing the economic system and asked#

which had been delayed in the fight measure of improvement which, against immediate problems of the depression through resorting to temporary expedients.

"In my mind," said the Prime Minister, "reform means govern ment intervention, government control and government regulation. There can be no permanent recovery without reform. I raise the issue squarely. I nail the flag of progress power of the state to its support

Expresses Determination

"I and my government are determined to work with all our strength to correct the economic system, and unemployment and provide work for all," declared Mr. Bennett. "We hope soon to end the necessity for relief camps and payment of the dole. I am unequivocally opposed to the dole."

Premier Bennett asserted that the year 1934 had witnessed a great improvement in Canada. Trade conditions were phenomenally imand business appeared to be entering upon better times.
