RELIGION OF POLITICS

Such a hold have the political party names on people that they stick to them right or wrong. Take the present change in the attitude of the Conservative leader. When Mr. Bennett was sitting tight and doing nothing he was right in the eyes of many of his followers. Today when he has adopted a Liberal policy he is still right. His supporters are Conservative whether the policy is Liberal or Conservative. Politics is a religion with them.

This policy of "My party, right or wrong" is good for only a percentage of the people. Possibly fifty percent of the people vote for the party irrespective of what the party stands for. The other fifty percent are the people who keep the politicians on their toes. And just now the politicians are on their toes for the people are worried over the economic conditions and at least fifty percent are ready to switch to any party provided they feel that there is hope of relief in that quarter.

FLIGHT OF A WOMAN

The flight of Mrs. Putnam, better known to the world as Amelia Earhart, which ended Saturday afternoon at Oakland, California, was another indication of the fact that women are just as able as men. Usually they can endure more, and long distance flying is largely a matter of endurance.

Now that Amelia has flown the Pacific from Honolulu to the United States, such flights will no longer be news of importance.

UNEMPLOYMENT INSURANCE

The British government has extended the unemployment insurance plan in that country until within a short time, it is announced, every man and woman living there will be insured against being out of a job.

Canada is on the eve of adopting a similar system. It has been delayed for years but eventually we have had to fall in line with the British policy. We hope that the scheme will be carefully considered so that it may become a permanent policy for the country.

ACID IS YOUR ENEMY

. . . .Get rid of it before IT CAN HARM YOU !

INDIFFERENCE to over-acidity of the stomach can only lead to trouble and suffering. Do not neglect such symptoms as frequent heartburn, acid eructations, gas, "sour" stomach, acid indigestion, etc., for these signify that too much acid is present in the stomach. For immediate relief take Bisurated Magnesia. This preparation, though harmless to either child or adult, neutralizes and absorbs the excess acid.

Razor-Edge Competition In Cross Country Ski Tourney; Was First in History of City

A crowd of about two hundred visited the Sons of Norway ski cabin on Mount Oldfield yesterday. Conditions being excellent for the occasion, much interest was taken by all in the ski race which was the first to be held at Prince Rupert. The trail, which was ten miles long, was laid in very rough territory with bad hills, heavy timber and sharp curves, but competitors in the race made very good time considering that they had had little or no practice. There were no accidents with the exception of Jack Strand breaking one ski on the home stretch, thereby being disqualified. Otherwise he would undoubtedly have been first in the class in which he was entered.

Loud cheering was heard from the crowd when the competitors were first seen coming up the last steep hill at the finishing line, most of them fresh enough to start the race over.

The Clausen ski trophy was won by Hans Knutsen, who made the best time in the class under thirty years of age, while Gunnar Selvig captured the E. Skog trophy, making the best time in his class over thirty years of age. Prizes will also be awarded to the next two best skiiers in each class, these being Hans Pedersen and Oscar Sather in the class over thirty and John Fredheim and Inge Valen in the class under thirty. Following were the times made by the thirteen competitors:

Thirty years and over—Gunnar Selvig, 46 minutes, 40 seconds; Hans Pedersen, 53 m., 20 s.; Oscar Sather, 56 m., 45 s.; John Olsen, 57 m., 10 s.; Steinar Berg, 65 m., 45s.; Thoralf Murvold, 95 m., 30s.

Under thirty years of age—Hans Knutsen, 42 m.; John Fredheim, 48 m.; Inge Valen, 48 m., 45s.; Arnold Pettersen, 49 m., 30s.; Odd Langloe, 53 m.; Henry Larsen, 78 m.

The time made in this race by the winners is the average time made on any ten mile ski course. Another race is under consideration for the near future and it is to be hoped that there will be more entrants for this race.

Starters and timekeepers were John Storseth and Erling Greenstrand. Harold Helland was in charge of the refreshments with plenty of help from the ladies.

The trophies and prices will be presented to the winners at a dance held in the Oddfellows' Hall on January 31s.

MORSE CREEK IS FLOODED

Fire Chief Shows Himself to Be As Good a Sport as He is an Able Official

Showing himself to be a public benefactor besides a good official, Fire Chief J. R. Morrison did the skaters of this city a big favor last night. On being asked if it would be possible to flood the ice surface at Morse Creek in an effort to improve the ice for skating, Mr. Morrison not only said it would, but readily loaned between four and five hundred feet of hose and himself supervised flooding operations. Assisted by a dozen or so willing helpers, he spent two and a half hours at Morse Creek, made two extra trips back to the Fire Hall for more hose when breaks occurred in that being used and then spent no little time himself working on the ice. It was left for Mother Nature to complete the job that the chief so ably started.
