For Consideration in Report; Co-operative Movements Urged

OTTAWA, April 9: (CP)-More strict control over all business and all industry in Canada, more intense governmental interest in company financing, relations between employers and workers and in labor itself are among the recommendations in the report of the mass buying and price spreads committee which has been placed in the hands of the minister of trade and

commerce and will be tabled in the House of Commons probably on Thursday or Friday.

The Canadian Press learned last night that the report deals with | . practically every phase of Canadian business and industry and seeks to set up government-appointed boards to control and review
