HOW TO MAKE ICED TEA

Infuse six heaping teaspoons of Salada Black Tea in a pint of fresh boiling water. After six minutes strain liquid into two-quart container. While hot, add 1½ cups of granulated sugar and the juice of 2 lemons. Stir well until sugar is dissolved; fill container with cold water. *Do not allow tea to cool before adding the cold water;* otherwise liquid will become cloudy. Serve with chipped ice.

OCEAN FALLS

The yacht Sylwen, formerly owned by W. C. Shelly of Vancouver and now operated by a Seattle charter company, was here a few days ago, having on board a party of San Francisco business men bound for Kodiak Island where they will hunt for bear. From here they proceeded to Ketchikan to pick up guides.

Of considerable interest to Ocean Falsl baseball fans was the recent visit here of Johnny Nestman, peppery third baseman and manager of Uniteds in the Vancouver Senior Baseball League. A large number of friends were constantly on hand to assure that Johnny had a good time. He left last Saturday by the Princess Adelaide on his return to Vancouver.

Local holiday makers leaving here last Saturday night on the Princess Adelaide for Vancouver on vacation included Gordon J. Jessup, manager of the general store, Mr. and Mrs. D. A. Lee, David Young and his bride, the former Miss Mary Tinkler, and three youths who will travel from Campbell River to Mexico by motorcycle.

F. A. Drumb, resident manager of the Pacific Mills, returned here last week after attending a convention in the United States.

Several local fishing parties have availed themselves recently of the services of the Pioneer Airways flying boat to transport them to the interior lakes for angling.

Mrs. W. R. Lewthwiate, wife of the townsite manager, had the misfortune recently to fall and fracture her ankle. She is now a patient in hospital where she is reported to be doing nicely.

Mrs. H. D. McMaster, formerly Miss Betty Wright of Prince Rupert, returned recently from a two months' holiday trip to the southern states. Mr. McMaster is electrical superintendent here and is also a former resident of Prince Rupert.

Rain Brings Joy To Ocean Falls

Level of Water in Lake Had Been Getting Low as Result of Long Dry Spell

OCEAN FALLS, June 14:—The recent heavy rains following months of exceptionally dry weather brought much relief to this community and ensures uninterrupted operation of the local pulp and paper plant. The water shortage, on account of the low level of Link Lake, is now being steadily relieved.

WHIFFLETS

From the Waterfront

C. P. R. steamer Princess Adelaide, Capt. S. K. Gray, is due in port at 6 o'clock this evening from the south and will sail at 10 p.m. on her return to Vancouver and waypoints. The vessel is bringing in a heavy cargo of freight including perishables. The train for the east today is being held until after the Adelaide arrives and will go out at 7:30 p.m.

Union steamer Cardena, Capt. Ernest Georgeson, delayed by having heavy cargoes for waypoints, is reported due at 6 o'clock tomorrow morning from the south and will sail soon thereafter on her return to Vancouver.

Coastwise Steamship & Barge Co.'s freighter Griffco arrived in port at 9 o'clock this morning, being here to pick up and take back to Anyox the Granby Co.'s barge Pioneer which has been at the local dry dock for the past few days undergoing repairs.

C. N. R. steamer Prince George, Capt. Edward Mabbs, is due back at 5 o'clock this afternoon from Anyox and Stewart and will sail at 10:30 p.m. for Vancouver via Ocean Falls and Powell River.

GREAT WORK OF DOCTORS

(Continued from Page 1)

of the x-ray were steps forward.

In France the Curies did great work by the use of radium.

The work of the medical profession in the protection of health and in sanitation was of late very important. Much was yet to be done, however. Medical men were still faced with the problems of trying to find the cause and cure for the hardening of the arteries and rheumatism. The common cold was a daily reproach to the physician as both cause and cure was unknown. Men all over the world were working on these and also on the cancer problem.

The visitor dealt briefly with the art of medicine which has to do with the application of the science to human needs by the practising physicians.
