## Anniversary Of Legion Will Be Observed Soon

While the executive meeting of the Canadian Legion last evening was mainly in preparation for the regular monthly meeting to be held on Wednesday, plans were also laid for the observance of the tenth anniversary of the Canadian Legion.

After the war several organizations were formed to perpetuate the friendships formed in the army and to see that the case of the returned man was properly dealt with by those in power. Later there grew up different factions. The late Field Marshal Haig saw that the only hope for obtaining a proper recognition of the veteran's problems and arrive at a suitable solution was to sink sectional differences and concentrate on the major problems. This he felt the greatest contribution he could pay to the men who had fought under him and to the dependents of those who were killed. With the same breadth of vision as he had shown in command of the British forces and the same adherence to the principles of co-operation he had observed with the Allied Commanders, he labored to the end that an Empire-wide organization should be established. He succeeded and the tenth anniversary of this, as far as Canada is concerned, will be properly observed next Monday evening at the clubrooms.

The Legion has a membership of 160,000 and is doing unequalled work in serving the country in peace as the members did in war. It has the confidence of the government, no matter what party is in power, for its disinterested assistance is of the greatest value and its knowledge and research into problems of unemployment have been readily recognized by government officials.

## Kingdom of God On Earth is Near

Robert Bartlett is Speaker Before British-Israel Society Last Night

At a well-attended meeting last evening of the British-Israel Society in the T&C H Rooms, R. H. W. Bartlett gave an absorbing address on "Israel" and the purpose for which it was formed. "In thee and in thy seed shall all nations of the earth be blessed!" The speaker went on to show that God's plan for mankind was a new race of glorious creatures—Children of God. Adam was endowed with perfect physical form, perfect mentality and spirituality. He could commune with his Maker. Man was also given freewill but, in choosing to rebel against God, he forfeited his right to eternal life. Adam kept not his first estate. Then God saw if his cause was to be maintained man must be redeemed. A medium for the Saviour to enter this life must be prepared. Thus the greatest wonder of the ages took place—"For God so loved the world that He gave His only begotten Son." The Pyramid very clearly substantiated this. Mr. Bartlett graphically explained the ascending and descending passages, the scored lines, the step, the well, the chambers, the openings through which the stars in their courses look down, all in that great witness of stone in Egypt which showed the history of mankind and God's plan for his salvation.

Israel today was the leading nation in the world—foremost in mercy, justice and freedom. The time of restitution of all things was near when the blessings promised would come and the way to Life eternal open up to all people. An interesting discussion followed, many taking part. Vice-President Sam Massey was in the chair.

Rev. C. D. Clarke, pastor of First United Church, will be the speaker tomorrow at the regular weekly luncheon of the Prince Rupert Gyro Club.

## Trail Officials Returning South

Plant Operating Men of Consolidated Spent Week at Anyox Plant

A. H. Hopkins, R. Gosse, Herbert Clarke, Herbert F. Tiedge and A. J. McDonell, operating department officials of the Consolidated Mining & Smelting Co. from the southern interior, who have been spending the past week at Anyox on company business in connection with future plans of Smelters for the use of the former Granby plant there, were passengers aboard the Catala today returning south. Among other things they are reported to have gone further into the project of power transmission from Anyox to the Big Missouri mine in the Portland Canal district.

Mr. Tiedge is mechanical engineer at Trail; Mr. Clarke, master mechanic at Trail, and Mr. Hopkins, chief electrician from Trail. Mr. Gosse is master mechanic from Kimberley.

## District News

### TERRACE

A week ago Sunday brought a heavy fall of snow, about a foot in depth by evening. The recent rough weather has done much damage to the road to Kalum Lake. Some two miles are completely washed out, 15 miles from Terrace, and several bridges have disappeared. The latest damage was by a gale which blew down about twenty trees across the road so that at the present time travellers can only go six or seven miles in comfort. W. H. Cotton, public works engineer, Smithers, is in Terrace district looking over the road situation.

Armistice Day was appropriately celebrated in Terrace by a divine service at 11 a.m. This was held in the Orange Hall, the address being delivered by Rev. John Linney of the Pentecostal Mission. A dance was held the same evening in the hall.

### NO HALIBUT IN

No boats being in with catches, there was no sale of halibut on the local fish exchange this morning.

## Gordon Speaker Before Meeting Of Pedagogues

The Northern High School Teacher's Association held its monthly meeting recently at the home of Roth Gordon.

Mr. Gordon gave the address, dealing with some problems of "Secondary Education." The speaker afterwards led a discussion on the subject.

After the meeting adjourned, refreshments and a social hour were greatly enjoyed.

The case of Sam Cecil, Indian, charged with drunkenness, came before Magistrate McClymont in city police court yesterday afternoon and was adjourned until this morning when five days' imprisonment was imposed.
