## THE COSY CORNER

DEVOTED PRINCIPALLY TO THE INTERESTS OF WOMEN

This is a little section of the paper, which from day to day will be devoted to subjects of special interest to women. Any and all of the ladies of Prince Rupert are invited to contribute to its columns, and to take part in its discussions. Suggestions and criticisms are invited by the editor. The hope is expressed that "The Cosy Corner" will fill a social need.

### SATIN TOILETTE

Late bulletins from across the water predict fuller skirts for fall wear, but all of the midsummer models still retain the narrow lines, many of them slashed at the side or side-front, giving opportunity for a display of chic footwear. The model today shows this idea carried out in dark blue satin, with trimming bands of Arabian lace. The short coat has a rever collar of lace, and a gold cord confines the fullness.

### Princess Style

The princess style of lingerie gown, or rather the one piece, as it is called when skirt and waist are joined, is the smartest this season and in the finest of these gowns the joining is so perfectly finished that it is difficult to discover it.

### Always Fashionable

In midsummer, the lingerie gown is always fashionable, and this season the demand for fine lace and embroidery is greater than ever before. Embroidered linens, batistes and even embroidered leees are combined, and so cleverly that the result is charming beyond description.

### Dress Wraps

Royal blue, cerise, empire green, are used to trim the lightweight wraps. Satin is unfined in many new models, and light weight clothes are shown in white and colors, trimmed with buttons and braid. Of course they are not warm, but they protect the evening dresses from the dampness and from the dust that would ruin them. Their very beauty is an excuse for being.

### The Kitchen Floor

A bare floor kitchen is liked by some because it can be scrubbed hard with soap and water. If a teaspoonful of kerosene is added to the pail of water the scrubbing will be more quickly done. Where the water is hard it should be softened with borax or ammonia.

### Hammer Hint

When wishing to drive a nail through hardwood, first push it through a cake of hard soap; it will then go through easily and will not split the wood. When using a hammer, grasp the handle near the end, and not in the centre, as is the way of most women.

### HOUSEHOLD HINTS

Dampness will soon tarnish brass articles, but if they are kept in a dry and cool place they will remain untarnished for a long time.

A flannel dipped in spirits of turpentine will be found very useful in cleaning the porcelain tub or sink. Kerosene will answer almost as well.

Wet shoes should be stuffed with paper before they are put away. The paper will absorb the moisture and keep the shoes from becoming hard.

When packing, tie in bottle corks well, and put the bottles in the middle of the trunk. If packed solidly in this way they will carry around the world.

Brass polished only with rottenstone and oil will have a deep, rich yellow tone, while the acid polishes leave it whiter and more brilliant.

Cold water with but little soap should be used for washing colored silks. If the color runs, vinegar should be stirred into the water until the color sets.

When coal is needed on the fire it the sick room, it should be brought into the room in paper bags, which should be laid gently on the fire to prevent noise.

A teaspoonful of glycerine added to a gill of glue makes a cement that is a great convenience in the kitchen, and is especially good for fastening leather, paper or wood to metal.

A dry rubber "sponge" is excellent for cleaning wooden materials. They should be laid flat and the sponge swept over them briskly, care being taken to rub the wrong side of the nap.

Dampers should be placed in all pipes leading from heaters and kept closed in summer, as air from the furnace should not be allowed to flow into the house when the fire is out.

## NEWS FROM PORCHER ISLAND

A meeting was held in the Goose Bay schoolhouse, September 2nd, for the purpose of forming a Porcher Island Liberal Association and one of the chief points of the coming election was gone into, that of reciprocity and how it will affect the Porcher Island truck farmer.

It was resolved that reciprocity will do a lot of good to the Porcher Island settlers as they buy more than they sell at present and have the advantage over all other garden produce shipped to Prince Rupert while other greenstuffs are on the way two days. Porcher Islanders can pick their produce and have it on the market in three hours.

One disappointment was recorded. That in the last mail Porcher Island gardeners were informed that in future no more produce was to be bought at the islands by the G. T. P. boats. Chief stewards must deal only at Prince Rupert, Victoria or Vancouver.

As the settlers can pick their stuff and be around to load it on the boat while the crew are unloading the mail in about one hour, and as Porcher Island is the only place in British Columbia where there is absolute Asiatic exclusion it surely stands to reason that where garden truck is grown by white men and voters they ought to be given some encouragement. It is not that the ranchers want more for their produce, but just to get the same as Vancouver or Victoria prices will be satisfactory to them.

By the look of things quite a large acreage will be put into garden truck next year. Mr. George Farrant has five acres fenced.

Sam Holland is building a 18 x 20 log house. Neighbors would be surprised to hear that Sam will join the benedicts soon as he was saying he was tired talking to the dog or cat. Archie Brevan is busy burning and clearing and expects to put about an acre into garden.

Miss Pearson, the new school teacher, arrived by last mail boat and has taken up her duties. One advantage the children have is that they have the best playground in Northern B. C., just Porcher Island in fact.

There is an opening for a missionary of some kind. Settlers have had calls from the mission boat about a year ago which used to call once a month and hold meetings but for some reason this has been discontinued. Missionaries are sent to China, Japan, India, etc., why not send one to Porcher Island as there are quite a lot of children here and people who cannot attend church in Prince Rupert.

Reciprocity is the one and only issue in this election campaign. And reciprocity is a straight business issue and must be discussed as such.
