The real hard frost of midwinter did little damage but these spring frosts followed by warm sunshine in the day time have been fatal. Yet it will be found that many roses which were thought to have been killed will shoot up from near the crown so it is impossible to estimate the number of fatalities until next month. My wall roses, Dr. Van Fleet, seem all right and some of the bush roses have survived so far. Others seem to have been killed.

We have set as our objective the sum of \$50,000

If every person will undertake to spend some money in such a way as to make conditions better, we shall easily attain our object.

The pledge cards will be kept private in order to prevent solicitation on the part of those who may be trying to secure advantage from the campaign.

We are not an employment agency and have nothing to say as to who shall be employed or what they shall be paid. That is between the employer and employed. All we ask is that the money be expended. The provincial employment officer can supply men if required.

Things in the home, outside the home, in office buildings and factories are beginning to look the worse for wear. And there are hundreds of unemployed hands wanting and willing to do those jobs. You need the work done—they need the money for the necessities of life.

Help make these idle hands earning hands, for the good of the community and the happiness and self-respect work brings to an idle man or woman.

are coming up through the snow and others have reported similarly. Gardens not covered with snow have been injured more than those with the protective covering. I have found a number of my grape hyacinths which came up in February have rotted off. Neighbors of mine report their's all right. Much seems to depend upon the exposure. "Another bulb that makes a nice pot plant is Achemenes. It may also be used as a hanging plant if the tuber is laid sideways. It blooms fine with me. I allow the leaves to die down before repotting. "I find begonias rather slow in starting and a greenhouse would be best to start them in. They can be planted out in window boxes or

in the garden but the bulbs must be lifted for the winter.

The Dirt Gardener says: "I have," "Crocuses, snowdrops and scillias grown both early and late double tulips, sometimes called peony tulips. These are lovely but have short stalks. In singles I have bizarres, pressed back in the spring."

Darwins, earlys, Rembrandts and picotees. All have done fine and I have left them in the ground although they should be lifted every year. I found that after three years the frost lifted them nearly out of the ground and then they are apt to get frozen or rot. They should not be dug until the foliage has died down or yellowed or the bulb

WAKE UP YOUR LIVER BILE-WITHOUT CALOMEL And You'll Jump Out of Bed In the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, ell, lasstive candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshing.

For they can't do it. They only move the bowels and a more movement doesn't get at the cause. The reason for your down-and-out feeling is your lizer. It should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just demays in the bowels. Gas bloats up your stomsch. You have a thick, had taste and your breath is foul, skin often breaks out it blemishes. Your head sches and you feel down and out. Your head sches and you feel down and out. Your head

It takes those good, old GARTER'S LITTLE LIVER PILLS to get these two pounds of bils flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, assauing when it comes to making the bils flow freely. But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the hame Carter's Little Liver Pills on the rad labe. Hesent a substitute. 25c at drag storm. \$ 1981 C. M. Co.
