Careful... this is the DANGER SEASON!

FIGHT COLDS THIS SAFE PROVED WAY

If your child has a cold—don't neglect it—and don't experiment! These are days when colds so often lead to grippe and pneumonia.

Play safe—follow the treatment that millions and millions of mothers have proved is best—use Vicks VapoRub. No risks of constant "dosing"—upset digestions and lowered resistance.

Just rubbed on, VapoRub brings quicker, surer relief because of its double direct action. Through the skin it acts direct like a poultice. At the same time, its medicated vapors are inhaled with every breath direct to the inflamed air-passages. This long-continued attack loosens phlegm—soothes irritated membranes—eases difficult breathing—helps break congestion.

Miss Agnes Johnston, who has been paying a visit here, leaves by this evening's train on her return to Grafton, North Dakota.
