**THE RECONSTRUCTIONIST CRUSADE**

Hon. H. H. Stevens and his Reconstructionist Party are not overlooking anything in making their appeal as broad and as attractive as possible for the discontented and sorely tried voters. The latest to incur Mr. Stevens' displeasure are the bankers whom he says he will, if elected, give two weeks to meet the building requirements of the country, failing which he would organize a public corporation to finance a housing program.

Like many others we cannot help but wonder why Mr. Stevens during his four years' incumbency as an important minister of the crown in the Bennett government which he so roundly assails now was not able to do anything about these things regarding which he so bitterly complains. We do not recall of his having made any criticism of the Bennett government in regard to its policies on this and other problems before the quarrel about a year ago over the reorganization of the Vancouver Harbor Commission prior to the famous brochure regarding the mass buying commission.

We may agree with some of the reforms which Mr. Stevens now professes to espouse. We may not sympathize with the Bennett government. At the same time, however, we cannot help but be just a little curious about the real motives behind Mr. Stevens' reformation and question whether or not he would be able or try to carry out his promises in the remote event of getting into power.

**CLEANING UP PRINCE RUPERT**

The paintbrush has been in use possibly to a greater extent in Prince Rupert this year than it has been for some years past. Great improvements have also been made by means of new and extended gardens and in other ways. Much yet remains to be done, however, and one eyesore that occupies a very prominent position and is to be seen by all visitors is the debris of the buildings destroyed by last winter's fire on Second Avenue. It is to be hoped that, ere long, if it is not decided to rebuild on the property in question, at least some steps will be taken to clean up the remains of the disaster.

**OUR FAMILY GROWS**

We take pleasure in welcoming the Cariboo mining towns of Quesnel and Wells into the communal family of Central British Columbia. Their decision to affiliate with the Associated Boards of Trade of Central British Columbia is noted with interest. We hope that our association in this way may prove of mutual benefit.

Possibly there has been a tendency here to think of the Cariboo as being somewhat out of our area. After all, the only thing that seriously separates Prince Rupert from the Cariboo is the lack of a highway, the same lack that prevents us from enjoying the society and business to a greater degree of other and closer interior communities. It should be our aim to have this handicap removed at the earliest possible moment. The best way to do this is to be unremitting in our fight for our rights in regard to highway connection with our hinterland.

**SMITHERS WINS OUT**

Exciting Finish to Baseball Series In Interior With Prince Rupert on Short End

SMITHERS, Aug. 6.—Smithers won the Northern British Columbia baseball championship yesterday by defeating Prince Rupert in an exciting extra inning final game by a score of 10 to 9. Twice during the game, Smithers overcame four run leads of Prince Rupert. Smithers made nine hits and Prince Rupert fifteen.

The Smithers battery consisted of Carpenter, O'Neill and Chisholm and Prince Rupert's Lambie and Bary.

The Prince Rupert team and large party of fans left on this morning's train for the coast and will be home tonight.

**CRISIS IS NOW ENDED**

Giants Have Four Game Lead In National League—Tigers Same In American

NEW YORK, Aug. 6. (CP)—The crisis for the New York Giants as far as the National League supremacy is concerned appears to have passed for the time being at least. Yesterday the Giants scored a close victory over the Brooklyn Dodgers at Ebbetts Field here while the second place Chicago Cubs were dropping one to the Reds at Cincinnati. The Giants' margin is now four full games over the Cubs. The Dodgers dropped from the leadership of the second division into seventh place below both the Reds and the Phillies who trounced the Boston Braves at Philadelphia.

Yesterday's play brought forth no changes in the American League situation, the idle Detroit Tigers now having a four game lead over the New York Yankees who had an easy victory over the Red Sox at Boston.

Yesterday's Big League scores:  
National League  
Brooklyn 4, New York 5.  
Boston 1, Philadelphia 9.  
Chicago 1, Cincinnati 3.  
American League  
Chicago 2, Cleveland 4.  
Philadelphia 7, Washington 10.  
New York 10, Boston 2.

**Pat Clanton Passes Away**

Former Well Known Local Boxer Died Recently Following Long Illness

After a lengthy stay at Tranquille Sanitarium whence he was sent from here for treatment, Pat Clanton, former well known local boxer, passed away on July 15, according to information received by P. J. Rolls of this city in a letter from deceased's mother, Mrs. J. Clanton of Vancouver. The funeral took place at Sidney, Vancouver Island his home town, on July 18.

Shortly prior to his death, Pat had suffered a severe hemorrhage which further sapped his strength following the lengthy illness.

Many friends attended the funeral rites at Sidney and there were no less than forty wreaths and sprays.

**TAKING UP OLD MINE**

Men And Machinery Arrive At Skidegate Enroute to South-Easter Property

QUEEN CHARLOTTE CITY, Aug. 6.—A. P. Smith of Seattle has been here for some time making an examination of the Southeast mine near Skidegate. He represents American capital which may become interested in the property. Strength was lent to this belief with the arrival on the Prince Charles last week of five men and ten tons of machinery on the way to the property.

**Guided by Toes When Sightless**

This is the Way Blind Girls Do In Swimming Pool

HERTFORD, Eng., Aug. 6. (CP)—Blind girls use their toes instead of their eyes, as was demonstrated to Viscountess Hempen at the opening of the new swimming pool at Chorleywood College where blind girls are being educated.

The pool has a raised pavement round the edge and the spring-board is fitted with a double thickness of matting at its end. Using their toes as guides instead of their eyes, the girls plunge in with easy grace.

An official of the National Institute of the Blind says: "Swimming is one of the exercises that the blind enjoy with the confidence of sighted people and the coolness with which some of the blind girls at Chorleywood leap off a six-foot diving board is amazing."

The college is for those who are totally blind or whose sight is so poor that they dare not read more than one or two books in a year.

**SPACE**  
MR. ADVERTISER?

Space in a daily newspaper possesses a power that is lacking in the lineage of other advertising media.

It is not only more economical... which is a matter of easy computation... it is not only more flexible, it is not only more timely and rapid, but also it is the advertiser's unfailing point of contact with the mass market and every spot market of the Dominion of Canada.

The Daily Newspaper possesses a power by means of which an advertiser, who knows how to use it, can reach and move to action all or any part of the Canadian consuming public.

In this North American continent there was spent during 1934 in the columns of the daily newspapers more than \$500,000,000. The strongest of all supplementary media was used to the extent of \$114,000,000. Why?

Because for prompt action on sales plans... for quick consumer influence at minimum cost... for willing co-operation from the retail trade, the daily newspaper is today, as it always has been, the outstanding and most economical basic advertising medium.
