REBELLION IN CHINA RAGES

Fate of White Residents Unknown. Many Rebels Killed. Foreigners Holding Canadian Methodist Home Against Attack. Communication Cut Off.

(Canadian Press Despatch)

Pekin, Sept. 15.—Rebellion rages in Cheng Tu and the fate of foreigners there is unknown. On September 12th troops were firing on the rebels many of whom were killed. The Canadian Methodist compound within the city has open spaces around its walls and it is believed that the foreigners may have taken refuge within the compound which is considered the strongest and most easily defended place in the city. No communications seem possible with Cheng Tu.

Reciprocity is not a party battle—but a measure designed to increase trade and reduce taxation; and I am not prepared, through it, to strike down any legitimate Canadian interest. We must be guided by the interests of Canada as a whole.—Fielding.

SEEKS BENEFIT OF FREER TRADE

If Reciprocity Passes Newfoundland will Start Movement for a Union with the Dominion.

Ottawa, Sept. 18.—Word has reached Ottawa that if Canada ratifies the reciprocity agreement a movement will be launched in Newfoundland for a union with the Dominion. Newfoundland has several times sought better trading terms with the United States without success.

The proposed reciprocity agreement, which would give free entry to fish into the United States, has aroused great interest in Newfoundland and a desire to share with Canada in any advantages of the great United States market.

The banker who can loan his money in New York, at a higher rate of interest than at home, is called a financier—a farmer who sells, or wants to sell his steers, his wheat, or his hay there, is called—an annexationist, a traitor, and other nice fancy pet names.

FARMERS BANKS FRRUDS AGAIN

Clarke H. Smith of Vancouver, Arrested—Leading Member of Financial Firm There.

(Canadian Press Despatch) Vancouver, Sept. 18.—Clarke H. Smith, a prominent member of one of the large financial firms here, has been arrested by the police in connection with the failure of the Farmers Bank, Ontario. The bank failed last year and the manager was sentenced to six years penal servitude, while Dr. Beattie Nesbit, a prominent director, is at present a fugitive from justice.

WHY HE SWITCHED

Prominent Conservative Gives Reasons for Conversion

At a Liberal meeting held in Vancouver Robert Cassidy, K. C., a prominent Conservative well known in Victoria, occupied a seat on the platform. Mr. Cassidy announced that it was the first time he had ever occupied such a position, giving the reasons for his conversion. He said: "With many Conservatives I have looked forward to the day when reciprocity should come about and I leave my party today because on this question the Conservative party departed from the principles of Sir John A. Macdonald and Sir John Thompson. Sir John Macdonald's national policy included a bid for reciprocity of trade with the United States and I intend to maintain the principles which have always been advocated and maintained by my party until recently."

EVERY ONE A SAVER

Wet shoes should be stuffed with paper before they are put away. The paper will absorb the moisture and keep the shoes from becoming hard.

When packing, tie bottle cork, and put the bottles in the middle in this way they will carry around the world.

Cold water, with but little soap, should be used for washing colored silks. If the color runs vinegar should be stirred in the water until the color sets.

When coal is needed on the fire in the sick room, it should be brought into the room in paper bags, which should be laid gently on the fire to prevent noise.

THE COSY CORNER

DEVOTED PRINCIPALLY TO THE INTERESTS OF WOMEN

This is a little section of the paper, which from day to day will be devoted to subjects of special interest to women. Any and all of the ladies of Prince Rupert are invited to contribute to its columns, and to take part in its discussions. Suggestions and criticisms are invited by the editor. The hope is expressed that "The Cosy Corner" will fill a social need.

STRIPES AND CHECKS

A rather striking model in black and white stripes and checks. The former is used for bodice and skirt, while the checked silk forms the deep foot and of skirt and makes cuffs on short kimono sleeves. The only other decoration is a white lace collar. Sash ends are also finished with the checked material.

NOTELETS OF FASHION

Latest Lore from London, Paris and New York

Hat crowns may be high or low; the majority of hats showing high crowns are narrow of brim, a feature which emphasizes the height.

There is a great "feeling" for having all dress accessories to match, even the handbags following the fashion and the uppers of shoes as well as the stockings.

For elegant day dresses white embroidered nets are fashionable, the skirts being very chic when finished with a band of black net, touched in white.

For children little coats of taffeta are in vogue. A pretty little model of dark navy blue silk has collar and cuffs of brighter blue, edged with silver buttons.

Pale-colored parasols are much seen in lace or plaited mousseline de soie, edged with a wide silk border or with one of flowered pompadour ribbon, or of black velvet.

Wet shoes should be stuffed with paper before they are put away. The paper will absorb the moisture and keep the shoes from becoming hard.

When packing, tie bottle cork, and put the bottles in the middle in this way they will carry around the world.

Cold water, with but little soap, should be used for washing colored silks. If the color runs vinegar should be stirred in the water until the color sets.

When coal is needed on the fire in the sick room, it should be brought into the room in paper bags, which should be laid gently on the fire to prevent noise.

EASILY READ, ALL HANDY

The cushion back of the Morris chair has been found valuable in the sick room to place at the back of an invalid in bed.

Soft soap made from half a pound of slaved down soap and two quarts of water will save the soap bill at cleaning time.

If when frying onions a plate is kept over the pan, the steam will cook them quicker and the flavor will be much improved.

For a tired head after a trying day nothing is more helpful than a cloth saturated in toilet water and laid across the temples.

In toasting biscuit they are much nicer if cut in slices across the grain instead of being sliced in the usual manner.

Reciprocity is not so much a matter of getting higher prices from the U. S. for natural products; but, of giving the people the privilege to buy and sell there when presented to them, and is to their advantage only.—Premier Sifton.

SIT IN RUPERT IN OCTOBER

Royal Commission Appointed to Go into Matters of Assessment and Taxation in Province Fixes First Dates.

(Canadian Press Despatch) Victoria, Sept. 16.—Although no date has as yet been definitely announced regarding this particular point there is practical certainty that the Royal Commission appointed to investigate conditions of assessment and taxation throughout the province will sit in Prince Rupert about the end of October. The Commission, the appointment of which was announced at the last sittings of the legislature will commence its sittings at Victoria on the 24th and 25th of September, and will continue there throughout the province. Members of the Board are the Hon. Price Ellison, Minister of Finance, the Hon. A. E. McPhillips, President of Council, Mr. W. H. Malkin, Vancouver, and Mr. C. H. Lugin.

WHAT BRITISH SECRETARY SAYS OF RECIPROcity

"The policy of the Government is to give every facility to Sir Wilfrid Laurier and the people of Canada to do the best they can for themselves, to enter into this agreement, and, as they think and we believe, to take thereby the best step they can for the development of Canada. (Hear, hear). We hold that it is not a disadvantage for us that Canada should develop by the growth of trade relations with the United States. We hold that an enlarged Canada—a Canada with a great trade of this kind—cannot fail to be a more prosperous Canada, a Canada which will be a better market for our goods, and which will do more trade with ourselves. Therefore, from every point of view, we look upon the step which Canada has taken as being probably a very good step in our own interests, as well as in the interests of Canada."—Lord Haldale, British Secretary of State for War.

THAT LOYALTY CRY

This is the position of thousands of Tories who are now waving the flag and shouting "Beware of annexation." They are burning American coal, sleeping in American cotton sheets, wearing American clothes and underclothes, smoking cigars made of American tobacco.
