THE POLITICAL CORNER

THE C. C. F. AND THE ORIENTAL

The following questions and replies taken from Hansard of June 22nd, 1934, Page 4206, show the position of the C. C. F. party on the Oriental vote question.

Mr. Mackenzie (Vancouver), "Is the Hon. member in favor of enfranchising Orientals in British Columbia?"

Mr. Woodsworth, "I am in favor of enfranchising Orientals in British Columbia."

Mr. Mackenzie, "Is the C. C. F. in favor of it?"

Mr. Woodsworth, "Yes; there is no doubt about that. I will go into your riding and tell them so; there is no doubt about it."

This should silence any denials that the C. C. F. party is in favor of giving the vote to Asiatics.

The question is, "Are the farmers and fishermen of Northern British Columbia going to vote for a party committed to such a policy?"

If a politician dared advocate such a policy in the Fraser River Valley he would be mobbed. The Oriental question is not so acute in Northern B.C. but in the south the Asiatic farmers are rapidly pushing back the white farmer and the Oriental fisherman rapidly displacing the white. It is only a question of time until we have the same conditions in the north.

Giving the vote to the Asiatic would be a very dangerous business. We all know the way the canneries exploit the Orientals in the matter of fishing and fishing licences. Knowing nothing about our politics or system of government these Asiatic fishermen (all of whom are naturalized) could be herded in droves to vote as the canneries wished.

Every white fisherman knows this and will oppose to the last ditch the granting of such franchise.

The Liberal party is absolutely opposed to giving the franchise to any Asiatic. Your vote for Olof Hanson will ensure that they do not get it.

—Liberal Campaign Committee.
