ALL JOIN IN CELEBRATION

The Junior Chamber of Commerce has arranged a big land's only innings netting a total carnival celebration for three days commencing tomor- of 634 for six. Of the five matches, row. They are giving their time and energy in making it four were drawn and South Africa a successful event and we suggest that all join the young won one. men in co-operating to make it a big event and to welcome the visitors to the city.

As explained in a letter published recently, the boys want Ads make absolutely no profit from the undertaking. Their sole aim is to put on a carnival that will be a credit to the city and that will be worthy entertainment to the many visitors who are expected. If all enter into the spirit of the occasion it will be a success. Let us for this time show the proper community spirit.

WAR IN AFRICA

It seems that it is impossible to prevent war in Africa. Statesmen in Europe have done their best without effect. The Kingdom of Ethiopia seems to be doomed to extinction as an independent entity. Italy is hurrying troops to the borders of that country in readiness for a war of sub- AGENTS 45% Commission. Why jugation. It would seem that nothing can save them.

ANOTHER WAR POSSIBILITY

Another war possibility for the near future seems to have arisen. Germany is arming as rapidly as possible and has made a treaty with Japan which spells danger for Russia. The land of the Soviets is ringed around with enemies who would like to crush her. This is another case where the League of Nations will be helpless to prvent a conflict if occasion arises for these two warlike nations to attack.

CANADA KEEP OUT

It is hoped that in these troubles Canada will be able to keep out. This country needs no more wars and neither does Ethiopia or Russia. Evidently the war to end war was not wholly a success. It has aroused the war spirit in the world. The desire for conquest is still strong and it PAINTING and Paperhanging may take centuries for us to evolve to a state where it will be impossible for one country to prey upon another.

5,000 OF ITS WORKERS ARE SHAREHOLDERS IN IMPERIAL OIL LIMITED

A FEW DAYS AGO, 208,528 shares of Imperial Oil stock were distributed to Inperial Oil employees throughout Canada. The market value of the stock at the time of distribution was about \$4,000,000. The stock was not given to the workers. They subscribed for it over a three-year period and under advantageous terms. For many years the Company's employees have been acquiring stock in this way. Consequently, of Imperial Oil's 55,000 shareholders in Canada more than 5,000 are employees of the Company.

Imperial Oil has encouraged and assisted its workers to acquire ownership in the Company for two reasons:

- (1) Because Imperial Oil believes that labour is entitled to fair and just treatment, and the stock acquisition plan is only one phase of the Company's labour policy which includes pensions, sickness and death benefits, group insurance, etc.; and
- (2) Because Imperial Oil, Limited wants its employees to have a real interest in serving you - and all the Company's customers - to the very best of their ability.

So when you deal with an employee of Imperial Oil, Limited you are, in many cases, dealing with one of the owners of the Company. He is anxious to serve you well, to win your goodwill and continued patronage, because it is his Company. The men who drill for oil, the sailors who man great tankers on the Atlantic and Pacific, the workers in the refineries, the chemists in the laboratories, the agents at country bulk stations, the drivers on the trucks, the salesmen at the service stations - most of these are not only employees; they are shareholders too. They are responsible people with an interest in the business and so we have faith in their ability and desire to serve you well.
