### WILL NOT DOWN

The people of Terrace are the latest community to become interested in Douglas Credit. After hearing an ad- struckout by Lindsay (4), Lambie dress on the subject delivered by a local resident, they off Lindsay (1), off Comadina (3); passed a resolution asking the provincial government to umpire, George Arseneau; scoreinvestigate the plan with a view to its adoption in British keeper, Allen Davies. Columbia.

Possibly Mr. Halliwell could be induced to deliver the s same address in Prince Rupert where he would doubtless Ele find many sympathizers and possibly supporters of the plan. Prince Rupert people are always open to conviction, if the plan seems sound. The difficulty with so many curealls is that they are anything but sound.

Evidently, though, the Douglas Credit idea is spreading. It will be very interesting to watch Alberta for a year or so before committing ourselves to something that today is only an untried theory.

## CONDITION OF THE CITY

The financial condition of the city was discussed on Thursday afternoon at the luncheon of the Rotary Club by Commissioner W. J. Alder, who told of the reversal of the condition by which the city was now drawing interest from the bank instead of paying out interest. He also showed that the provincial government would in future look after the sinking fund of the city, thus making sure that proper provision was made by the city to meet its obligations as they matured.

The success of the commissionership points to the desirability of in future appointing a city manager instead of carrying on in the old way. It would get rid of the petty politics of the past and would tend to insure the carrying on of civic affairs on a more businesslike basis. In the meantime, it is to be hoped that the provincial government will allow the commissioner to remain in charge for several years.

### CITY DRAWS INTEREST

Continued from Page 1

version of the city bonds to four percents amounting to something like a million dollars in 20 years.

The Sinking Fund The city sinking fund was now

being taken care of by the provincial government. Some Dominion bonds had been sold to give the city a good return and \$47,000 Saskatchewan bonds were disposed of for slightly over par. Eight thousand been sold and a sinking fund of \$92,000 B.C. four percents was now in the hands of the provincial government held for the city. In addition to that they were turning over ten thousand pounds of C. N. R. bonds which it was thought inadvisable to sell. The total sinking fund today was \$140,000.

Mr. Alder told of the reduction by ten percent in all local land assessments this year which meant that the amount of taxes collected would be considerably less than last year. Last year the total amount of current taxes collected was \$127,401 and arrears amounting to \$28,222. The total levy for 1935 was \$175,882. Even if the proposed industrial improvement did not come, Mr. Alder felt the city could pay its way with careful manage-

In his address the commissioner paid a pretty compliment to the city staff. He stated that they had given every co-operation in the recovery of the city and he was glad to give public expression to his appreciation of their services. This was a most satisfactory statement.

Mr. and Mrs. Joe Peel and Mr. and Mrs. Steve Peel and child arrived in the city on the Prince Rupert Thursday evening from Anyox and proceeded east on last evening's train. Mr. and Mrs. Joe Peel and Mrs. Steve Peel and child will embark May 31 aboard the steamer Ascania for a visit in England. Steve Peel goes with them as far as Melville and will proceed from there to Flin Flon, Man., where he will take up employment.
