This Morning THE DIONNE 'QUINTS' HAD

For a few cents, your children may have the very same brand of oatmeal selected by the experts in charge of the Dionne 'Quints'. They got Quaker Oats even before their first birthday, because it does children such a world of good. Quaker Cats is the only patmeal which has SUNSHINE VITAMIN D, the vitamin that makes strong bones. And...

MRS. DAFOE IS SPEAKER

(Continued from page one)

Righteousness, justice, peace and a square deal for the other fellow were an inherent part of British ideals. Youths of today must recognize the necessity of preparing themselves for the future. True sportsmanship, playing fair with themselves, their bodies, minds and spirit and a high objective would help youth to "accomplish the impossible."

nor-General's medal for the leading pupil in this district, which includes different inspectorates, was made to Alf Wikdal, formerly of at this port during the present Booth Memorial School. City Commissioner W. J. Alder congratulated the recipient on his success fish is now coming from the remote which could only have been achieved at considerable effort. He congratulated the other pupils who were there to receive their entrance certificates which he then presented. He paid a tribute to the ern (American) is in with 38,000 splendid work of the teaching pounds but is holding over until

PRINCE GEORGE, Oct. 16:- The Prince George farmers have shipped the first carload of alsike seed raised in the district and there are From Vancouverat least two more to follow.

During the past several years government officials, representing the Dominion and provincial departments of agriculture, have consistently year after year recommended alsike seed production.

Clover grows like a weed but the settlers were not familiar with handling the crop for seed and From the Eastwere reluctant to give up the remunerative market for hay which existed during construction of For Anyox and Stewarthighways and railroad. The lumber camps required a certain amount of this food and were willing to pay From Anyox and Stewart good price. Conditions have changed. Railway and highway construction is completed, lumber camps have introduced machinery where horses were used previously and the remunerative market for hay gradually diminished.

Several farmers in the Prince George and Woodpecker districts! were producing small quantities for local consumption but insufficient to be a factor on the open market. The condition has changed with this year's crop and settlers. have demonstrated to their own satisfaction that they can produce the finest quality alsike seed in paying quantities and that they enjoy a ready market for their crop. The yield this year ranges Baking a fish whole takes a from 200 to 500 pounds to the acre and total production in the district approximates ninety tons. is William Rennie and Co. Ltd., Vancouver, purchased the entire out-

This cash crop is a boost for the farmers and will tend to make the Prince George area one of the safest districts in Canada in which to practice mixed farming.

Mr. and Mrs. J. G. Pearcey, who "Clean and scale the fish; cut were recently married in Vancou-
